## Two Wells Reach Pay Near Hamlin

### Set Locations for Two More Oil Tests

Two wells in the Hamlin field came in for what is believed will be pay production this week, and locations were staked for two more tests in the rapidly-growing field west of here in Fisher County.

The Dr. W. H. Bryant No. 3 hit pay at 4,800 feet Monday afternoon, and a Railroad Commission test will probably be run on the well early next week.

The crew cemented pipe after production was found and will drill the plug Friday or Saturday.

Reports from oil field observers estimate the Bryant No. 3 to be one of the best paying wells in the field.

The Ashby Drilling Company, putting down a well on the G. A. Poe land, as a south offset to the Jackson, struck oil pay about 10:00 p. m. Tuesday evening.

The crew Wednesday was preparing the hole for an official test. The indications, observers said, were that the well will be a good producer.

Meanwhile Dr. Bryant was preparing to move his rig to the north east corner of his 100-acre tract to put down a fourth well. The other three drilled on his land have been producers.

It was also reported Wednesday that a test will be put down on a

location on the Swenson tract, immediately east of the Dr. Bryant lease.

In Fisher County, two miles west of McCauley, operators were planning to perforate casing and squeeze off the bottom part of the Noodle Creek lime in the Humble Oil & Refining Company, No. 1 Jeanette Nickless, west offset to the West McCauley field discovery well.

The well was completed in the Noodle Creek from 3,170-93 feet, while drillstem test showed some oil, gas and salt water.

The Ungren & Frazier et al No. 1 W. W. Ivey wildcat, located three miles east of Hamlin was abandoned as a dry hole this week after drilling to about 3,300 feet in a search for the Swastika.

### Treadwell Appointed Creamery Manager

Herman Treadwell, who has been employed in Malouf's Department store for the past several months, has been appointed manager of the Hamlin plant of Banner Creameries. Treadwell assumed the new position Monday.

A graduate of Hamlin High School, Treadwell later attended Wayland Junior College. He served four years in the army during the war, 28 months of which was spent overseas with the 36th Division.

## Resident Doctors Placed in Charge Of City Hospital Pending Settlement

Dr. J. F. Hocott and Dr. E. L. Haag, who have been serving as resident physicians in the Hamlin Memorial Hospital since its opening, were put in full charge of the institution this week pending settlement of the muddled affairs of the hospital.

The doctors assumed charge of the hospital, and have announced they will continue to operate the institution while directors and stockholders are making efforts to reorganize.

"The first consideration," Star Inzer, who has been active in the effort to efford reorganization said, "is to keep the hospital functioning. We want it to continue to serve the people as a hospital and don't want it turned into some other type of business.

### Crowd Attend Revival In Calvary Church

Large crowds were reported to be in attendance at the revival meeting being conducted in the Calvary Baptist Church in Hamlin, the pastor, Rev. W. E. Nunn, said this week.

The meeting is being conducted by Elder J. B. Pruitt, pastor of the First Baptist Church of Talco. Services are held each evening at 7:30 with prayer groups meeting at 7:00. Morning services begin at 10:00 each day. Pruitt was scheduled to speak in "The Unpardonable Sin" Thursday evening.

### Two Enlist in Army at Sweetwater this Week

Two Hamlin men volunteered for service in the Arm this week at the Sweetwater Recruiting station, it was announced by Sgt. Harold Hartgraves, who is in charge of the station.

The men are Domingo Flores, 20, and Avery Gene Hopper, 19, son of E. B. Hopper, Route 2, Hamlin.

John Irwin transacted business in Stamford Tuesday.

### Clifton Townsend to Head FFA Chapter

Clifton Townsend was elected president of the Hamlin chapter of Future Farmers of America for the coming year at a meeting held Tuesday night, September 14.

Other officers named are Donald Young, first vice president; James Brigham, second vice president; Donald Green, third vice president; Dennis Johnson, reporter; Joe Edwin Ford, secretary; Gene Westmoreland, treasurer; Carl Meyner, sentinel; Donald Johnson, parliamentarian; Roy Riley, historian and Ted Kelly, song leader.

T. C. Blankenship, teacher of vocational agriculture, is adult sponsor of the FFA.

### McCauley School Opened Monday

Headed by S. L. Smith, superintendent, a nine-member faculty greeted students of McCauley public schools Monday, when the annual term got underway.

Smith, who has been serving as high school principal at Ralls, is a graduate from Abilene Christian

S. L. SMITH

College, Abilene, where he received a B. A. degree. He has also done graduate work in Texas Tech at Lubbock.

Other members of the faculty are: K. C. Short, high school principal; Mrs. Lillie Mae Hennington, English instructor; Orvel Hill, history teacher; Mrs. Mattie Sewell, seventh grade; Mrs. Rosa Lee Woods, fifth and sixth; Mrs. Luther Rector, third and fourth, and Mrs. Mae Hennington, first and second.

A homemaking instructor and eighth grade teacher will be announced later, Smith said.

### Blankenship Tells of FFA School Program

T. C. Blankenship, vocational agriculture instructor in the Hamlin school system, told the Hamlin Lions Club Tuesday about some of the work being done by members of the Future Farmers of America.

He discussed in detail the achievements of one member of the group and then pointed out that the club has the following projects for the year: nine beef cows, two beef bulls, 21 beef calves, one dairy bull, 15 brood sows, 76 pigs for pork, two boars, two horses, 525 frying chickens, 13 capons and 679 hens.

### Baptists of County in Association Convene

Baptists from all parts of Jones County gathered in Avoca Tuesday and Wednesday for the annual association meeting.

Several members of the Hamlin Baptist Church, including the pastor, Rev. A. R. Posey, and Mrs. Posey, attended the sessions.

#### TO ATTEND H-SU.

Jack Owens will enroll for the fall term in Hardin-Simmons University at Abilene.

## Final Taps Sounded for Lt. Boyd in Military Rites; Burial Was in Abilene

The body of Lt. Joe Wesley Boyd came home to McCauley Wednesday for final honors before it was placed with full military tribute in the Cedar Hill cemetery in Abilene.

Funeral rites, with military ritual, were conducted in the First Baptist Church in McCauley at 2 p. m. Thursday, with Bruce Proctor, minister of the Church of Christ, and the Rev. C. E. Dick, pastor of the McCauley Baptist Church, in charge.

An honor guard from the Hamlin post of Veterans of Foreign Wars performed the military rites.

Lt. Boyd was killed in action in Europe November 12, 1944, and his body since that time has been buried in Limey, France.

The body was accompanied to Hamlin from Fort Worth by a military guard. After arriving in Hamlin the body was taken to the home of the parents, Mr. and Mrs. L. H. Boyd of McCauley, where it lay in state until funeral services.

Born in Stamford, September 1, 1923, Boyd was 19 years of age when he volunteered for service. He had graduated from high school in McCauley and later attended John Tarleton College, Abilene Christian College and Texas A&M College.

He had been active in 4-H club work and was an active member of the Church of Christ.

Boyd took part in the Normandy invasion on D Day, June 6, 1944, and was in combat for 157 days with Patton's Third Army. He was killed instantly in the battle of Koenigsacker.

He is survived by his parents, a sister, Velma Lu, and a brother, Holman.

Burial was directed by Barrow Funeral Home.

### Memberships in Rural Road Group Are Sold

Memberships in the newly organized Jones County chapter of the Texas Rural Roads Association are being sold this week by members of the Future Farmers of America of the local high school.

Star Inzer, Jones County chairman for the road improvement organization, has urged full participation in the membership drive by every person who wants to "get rural Texas out of the mud."

The FFA receives a part of the proceeds from each membership sold. Memberships cost \$1.

#### ATTEND BANK MEETING.

Lester Morton and Clyde Angel, of the Farmers & Merchants National Bank, attended a conference at Austin four days last week. The nation, held at Texas University in one of the Texas Bankers Association is sponsored by the university as a short course for state bankers each year.

## Pied Pipers Hold Stamford to Tie

### Fighting Squad Will Meet Abilene Here

A hard-hitting squad of Hamlin Pied Pipers opened the 1948 football season last Friday night by holding the Stamford Bulldogs to a 7-7 tie in front of a capacity crowd from the two towns in Stamford stadium.

The Pipers, rated by most dopsters as the underdogs, gave a pleasant surprise to Hamlin fans at the game and came near avenging last year's one-sided defeat at the hands of the Bulldogs.

The Bulldogs took the first tally when Ted Sitton, quarterback, shot a touchdown pass to Ray Hansen and then kicked the extra point.

Pipers scored when little Joe Ford, halfback, broke loose in the third quarter from the Hamlin 48 and galloped down the field to carry the ball across. Joe Allen Dean of Hamlin kicked the extra point.

The game was featured by fumbles, and several penalties were assessed both teams. Stamford was penalized several times for "holding," which, they explained, was because of a misunderstanding of rules.

Late in the fourth quarter Donald Young shoved the ball over for a touchdown, but the play was called back and Hamlin was given a 15-yard penalty for holding.

Jubilant Hamlin fans, with renewed faith in the Pied Pipers, were singing the praises of Coach Jesse Burditt and the scrapping crew of players he has trained, this week, and predictions were being made for a successful season for the Pipers.

The locals will meet the Abilene "B" team on the Hamlin field Friday night for the first home game.

Originally scheduled against Aspermont, the change was made when Aspermont school officials discovered a conflicting game date for that night.

Burditt has been putting his charges through last-minute practice sessions this week to ready them for the scrap with Abilene.

Lineup for the Pipers for Friday night's game is:

No.	Name	Wt.	Pos.
98	Asa Goodgame	156	LE
83	Ceth Adams	160	LT
73	Carroll Phipps	144	LG
62	Thee Hill	148	C
72	C. L. White	140	RG
82	W. T. Stapler	164	RT
92	Stanley Butler	166	RE
14	Joe Allen Dean	141	QB
42	Donald Young	137	HB
40	Joe Ford	128	HB
32	Earl Putnam	145	FB

Substitutes who will be ready to participate when needed are: G. Fletcher, D. Rowland, J. Harwell, J. Maberry, R. Armstrong, D. Elmore, H. Hopper, J. Roland, J. Holland, A. Ellison, S. Shaffer, J. Spencer, J. B. May, G. Westmoreland, C. Townsend, D. Green, H. Johnson, J. Adams, R. Riley and H. Bonner.

### Driver Training to be Given in High School

Final arrangements for presenting a driver-training course to Hamlin High School students were completed this week, and 31 students have enrolled for the classes.

A 1949 model Ford has been provided for the course by the Hamlin Motor Company, and keys to the vehicle were turned over to I. R. Hutchingson, superintendent, this week.

Joe Douglas will teach the course, for which school credits will be given. The classes are offered to members of the junior and senior classes.

### New Directors Slated For VFW Club 6014

Election of a new board of directors for the 6014 Club of the Hamlin Veterans of Foreign Wars was slated for Thursday evening of this week, it was announced by members of the organization.

The meeting was set for 8:00 o'clock Thursday in the VFW clubhouse, and all members were urged to attend.

## Mighty Mice to Meet Merkel in First Game of Year; Schedule is Announced

Hamlin's Mighty Mice, the school's junior football team, will open a season of seven games with a home tussle against Merkel the night of Thursday, September 23, it was announced this week.

The Mighty Mice began practice sessions Thursday under the tutelage of Coaches Jesse Burditt and John Howell, and are expected to be in prime condition for the Merkel tilt.

The team this year will be composed largely of boys from the 7th and 8th grades.

Only two boys have reported who were on the starting lineup last year. They are Loyce and Tboyce Hargrove.

Squadmen returning for this year's games are Guy Weaver, Kevin Rogers, Clark Hewitt, Jerry Seymour, Robert Fletcher, Don Kelly, Joe Don Hymen, Donald Armstrong, Gerald Elder, Marvin Johnson, Charles Early, J. R. Rhoton, Jimmy Lassiter, Joe V. White, James Wright, Joe Ray Rosenbaum, Don Johnson, Melvin Carden, Donald Strain, and Jack Wright.

Boys up from the strong sixth grade team of last year are Billy Jean, James Elder, Lee Maberry, Don Crowley, Waylon Woolf, Terry Busby, James Eddie Jay, Burl Wooderson, Hoyle Brown, Richard Powell, Billy Ray Barnett, Billy Deel, Lloyd Marr, Billy Ray, Dwain Rogers, John Harwell, Dwain Hill, Milton Butler, Norman Current, Carl Travis Young, Robert Angel, Billy Shivers, Jimmy Ray, Donnie Holloway, Bobby Green, Skippy Wick, Raymond Boyd, Kenneth Kelly, Thomas Newlin and Don Marlowe.

Sixth graders out for the varsity team are Eugene Hale, James Lee, Wayne Farmer, Garnet Waggoner, and Bobby Scifres.

G. T. Black will coach teams made up of fifth and sixth grade boys.

A complete schedule of games for the Mighty Mice is as follows: Sept. 23 Merkel at Hamlin; Sept. 30 Stamford there; Oct. 7 Rotan at Hamlin; Oct. 14 Anson there; Oct. 21 Stamford at Hamlin; Oct. 28 Merkel there; Nov. 4 Anson at Hamlin.

"Pictures don't lie," W. C. "Ted" Russell, Hamlin banker, told friends here after he and Mrs. Russell, pictured above, returned from a fishing trip near Vancouver, B. C. The caught 200 pounds of salmon during the trip, with one 28½ pounder and another weighing 24 pounds, in the bunch. Mr. and Mrs. Russell are shown with a few of the salmon that made up their take.

## The Foremost Purpose.

It was not the intention of any of the 451 men and women who bought stock in the Hamlin Memorial Hospital to make huge profits from their investment. It is doubtful if even a single one of the group expected monetary return for the money expended.

The foremost purpose in the hearts and minds of promoters and investors alike was to provide Hamlin and this area with a modern hospital for the healing of the sick, and to furnish a living memorial for our glorious dead.

Both of those purposes have been achieved. The hospital has offered new life and new hope to the lame and the diseased and the disabled of our community, and it has been an inspiring reminder of the supreme sacrifice made by so many of the area's finest young men.

But now, regardless of the purpose for which the hospital was established, the people of Hamlin are perilously near to losing their hospital. The institution is almost on the verge of being taken over by its creditors, and what its fate would be after such a happening would be difficult to determine.

However, it is hard to see how Hamlin could possibly keep the hospital as an operating, functioning institution after the sheriff's hammer had fallen on the auction block of foreclosure.

There is an alternative, however. The alternative was pointed out last week by men who have spent long hours of hard work and at personal loss to themselves in attempting to untangle the knotty problems involved. That alternative would mean the throwing of the hospital's business into the hands of the district court and asking for appointment of a receiver.

The receiver then, instead of the 451 stockholders, would be empowered to transact business affairs for the hospital and to keep it in operation. He would assume the authority to settle the muddled finances and negotiate with doctors who would take the hospital over and keep it open.

If the primary purpose of the 451 stockholders had been to make money from their investment, then such a solution would not be keeping faith with them. But inasmuch as most of them gave of their substance for the establishment of a community healing center, this move may be the only feasible means of carrying out their original purpose.

In other words, paradoxical though it may sound, the only possible way of protecting the investments of these 451 stock-

holders is to take, by court action, their investments from them and put them under the direction of a receiver. There seems to be no other way of insuring continued operation of the hospital.

It is through no fault of the stockholders that the affairs of the hospital are hopelessly bogged down; nor is it the fault of the men who have served as directors of the institution. No one person can be blamed and no group of persons can be blamed. It is merely one of those situations that can be seen but not foreseen.

It is unthinkable that a city the size of Hamlin and with as much civic zeal as has been shown here should permit the hospital to be closed and the equipment moved out. The cost already paid has been far too great for that. Not only has the hospital already cost thousands of dollars in gifts and donations and investments, but a far greater price has been paid. That greater price was paid by young men whose life blood was pumped out of broken bodies at Argonne and on the Fields of Flanders and on Saipan and Salerno and the beaches of Normandy.

For the sake of the war dead who can no longer speak for themselves; and for the sake of the living whose lives and health may be spared to them by reason of the hospital, we cannot afford to permit removal of the institution if there remains any way on earth to prevent such a happening.

While there may be some who would object to the method that has been outlined by men who have studied the problem, it may be the only possible way to save the hospital for the community.

The Herald, which was active in the promotion of the association, believes it is far better to preserve the hospital for Hamlin than to try to keep inviolate the investments and lose the hospital. After all it was not the investment feature but creation of a local institution that was the foremost purpose.

Had you ever considered this? The high cost of living is caused to a great extent by the heavy taxes, many of them hidden, that you and I must pay on a debt of almost 300 billion dollars.

The horse and mule population on American farms has steadily declined since 1935, while the number of tractors has increased just as steadily during the same period. More than 3,000,000 tractors now in use on the nation's farms represent a 186 per cent increase since 1935. This is just another factor in the ever-increasing use of oil to produce more food.

## Jet Planes to Be Displayed in Air Show at Abilene

A display of jet aircraft will be featured in the exhibition of ultra-modern aircraft scheduled to perform before the public at the air show in Abilene, Saturday, September 18, Air Force Day. The show will be conducted as part of the dedication program of Abilene's new municipal airport, the former Army Air Field at Tye.

Major General Roger M. Ramey, commanding general of the Eighth Air Force, will be principal speaker during the dedicatory ceremony.

The address is slated for 2:30, following a brief talk by Mayor B. R. Blankenship of Abilene. Col. Karl Wallace of the War Assets Administration will present a deed for the airport from the WAA to the city of Abilene.

A flying demonstration of model airplanes by members of the Abilene Model Club is scheduled for 1:00 p. m., to be followed at 1:30 by a flag raising ceremony during which the Abilene High School band will play, "The Star Spangled Banner."

At 2:00 p. m. two F-84 jet planes will arrive from Walker Air Force base, Roswell, New Mexico, to put on a flying demonstration and make passes over the fields at speeds in excess of 600 miles an hour.

## Gas Users Warned Not To Convert Burners

A warning to users of natural gas not to attempt to convert natural gas appliances to the use of butane and propane gas, was issued this week by J. E. Walling Jr., leader of the Texas Butane Association.

The practice is in violation of law, he pointed out, and it also highly dangerous. Many accidents, some of them fatal, are reported each year because of attempts to make these changes.

## Five Indictments Are Made by Grand Jurors

Indictments were returned against five defendants in Jones County when the grand jury held a two-day session last week. Hattie Mae Washington, Anson Negress, was charged with assault with intent to murder in connection with an attack she is alleged to have made upon Vera Williams, another Negro woman, with a razor.

James Milton Ruff, charged with forgery and passing a forged instrument. Kenneth Ray McDonald, two cases of theft. Two indictments were returned against defendants who have not yet been arrested. Hamlin men who served on the jury are: Cecil Brown, Cecil Sellers, Charles C. Gardner and J. E. McCoy Jr.

"Yes, I sure am a popular guy these days," says Reddy Kilowatt. "They are calling on me for more and more electric service for cooking, cooling, water heating, lighting and a lot of additional uses in industries and stores...in fact, the demand for my services is at an all-time high."

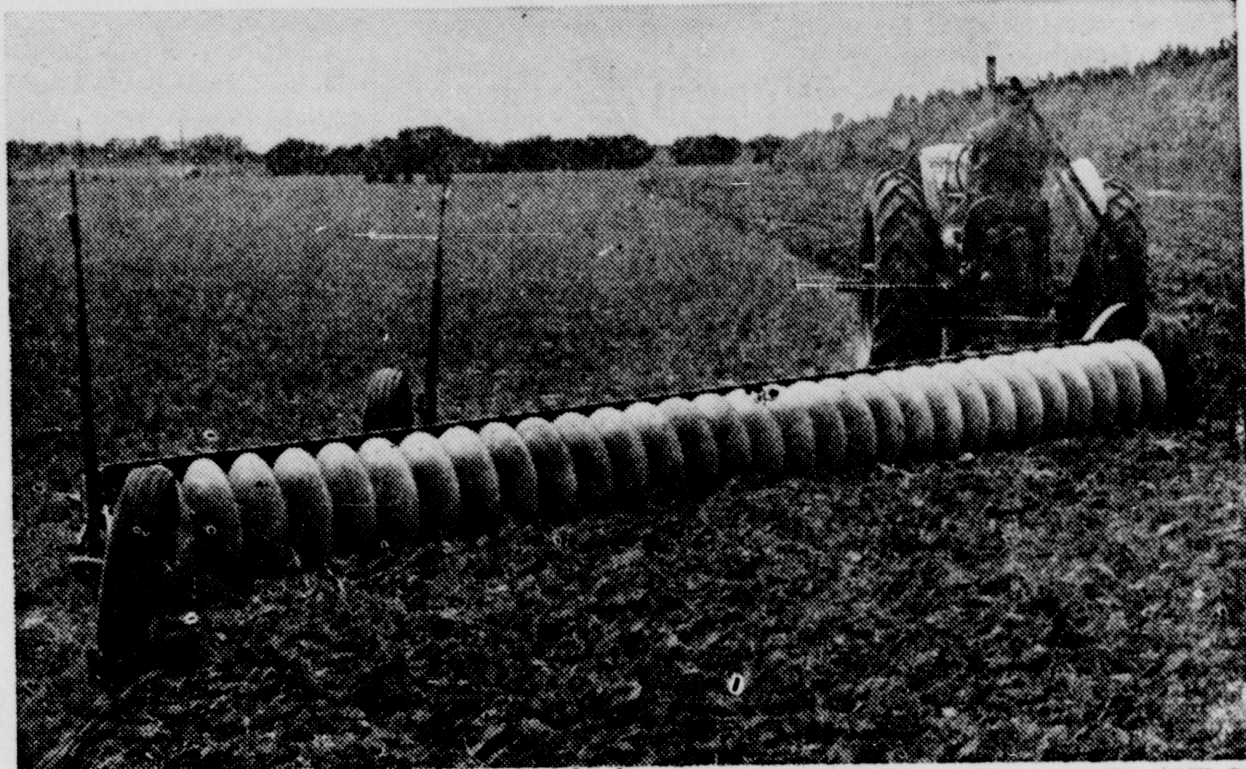

"In keeping with its policy of anticipating future needs, the West Texas Utilities Company is now engaged in an \$18,000,000 construction program to build new facilities and to enlarge and improve existing ones. This vast program, which has been under way many months, will provide more and better electric service for more and more people."

"Eighteen Million dollars! Each of those dollars is a vote of confidence that electric service knows no limits in making life healthier, happier, and more productive for us all."

## 10 ACRES IN ONE HOUR

10 ACRES IN ONE HOUR—Pictured above is a 50-disc harrow being pulled by a tractor in a field. This harrow was delivered to Joe Culbertson of Hamlin, by Buie's of Stamford. This harrow turns as much as 10 acres in an hour, or more than a hundred acres in a full day. Buie's advise that they also deliver this harrow in much smaller sizes. It turns on Timken bearings which makes it pull lighter, and rolls on rubber tires. (Adv.)

## Sentinels of Health

Don't Neglect Them!

Nature designed the kidneys to do a marvelous job. Their task is to keep the flowing blood stream free of an excess of waste. The act of living—life itself—is constantly producing waste matter the kidneys must remove from the blood if good health is to endure. When the kidneys fail to function as Nature intended, there is retention of waste that causes body-wide distress. One suffers nagging backache, frequent urination, attacks of dizziness, getting up at night, swelling, puffiness under the eyes—feel tired, nervous, all worn out. Frequent, scanty or burning passages are sometimes further evidence of kidney trouble. The recognized and proper treatment is a diuretic medicine to help the kidneys get rid of excess poisonous body waste. Use Doan's Pills. They have had more than forty years of public approval. Are endorsed the country over. Insist on Doan's. Sold at all drug stores.

### Abilene Is Host To District VFW Annual Meeting

Many officers and members of the Hamlin post of Veterans of Foreign Wars will attend the semi-annual convention of District 8, Department of Texas, Veterans of Foreign Wars, which will open in Abilene Saturday for a two-day session.

Hundreds of VFW and auxiliary members from this area are expected to be in attendance at the two-day session, according to Garland Coody, Breckenridge, district commander. There are 19 active posts in the 15 Central-West Texas counties that make up the district, Coody said.

With 4,345 paid-up members for 1948, District No. 8 is by far the largest in the state, and the convention's host post, No. 2012, Abilene, with more than 1,600 members, is the state's largest.

Commander Coody has announced that S. A. Childress, Waco, state VFW commander, and Norman L. Summers, Austin, state adjutant, will represent the Department of Texas at the District 8 convention. Commander Childress and his adjutant will arrive in Abilene the night of September 17 and will remain throughout the two-day convention.

Commander Childress will be

the convention's principal speaker, and Adjutant Summers will conduct a school for adjutants and quartermasters.

Auxiliaries of the district also will hold their semi-annual convention at the same time with Mrs. Erma Kirby, Abilene, district

president, in charge of the women's part of the convention.

Opening day of the convention will be devoted to registration of delegates during the afternoon, this is to be followed by a dance at "Three Acres," home of the Clayton M. Leach Post 2012. Business sessions of both the VFW and auxiliary will feature the second day's program.

Counties in the 8th District are Jones, Haskell, Throckmorton, Young, Scurry, Fisher, Shackelford, Stephens, Mitchell, Nolan, Taylor, Callahan, Eastland, Brown and Comanche.

## West Texas C of C to Carry Fight on Water Rights to All of Western Texas

A fight for West Texas water rights will be carried directly into all of the 132 counties of the West Texas Chamber of Commerce territory in a series of project clinics authorized this week by members of the executive committee.

At the same time the committee set the date for the 31st annual West Texas Chamber of Commerce convention to be held in Abilene, Monday, November 8.

Project clinics have been set for the following towns:

Tahoka, Tuesday, September 28;  
Pampano, Wednesday, September 29;  
Quanah, Thursday, September 30;  
Del Rio, Friday, October 1;  
Monahans, Tuesday, October 5;  
Stephenville, Thursday, October 6;  
The Breckenridge, Friday, October 7.

These project clinics will replace the regular annual referendum meetings, which have been held in the past and will be in the towns selected by directors at last year's meetings.

"Due to the long range character of the work program adopted at last year's referendum and to the necessity of acting upon committee reports in pursuance of that program, your executive board believes that in this year's annual proceedings the energies of the organization should be devoted to acting on committee reports and to carrying out objectives already adopted by previous referendums and annual conventions," the executive board, which was presided over by President C P Dodson, announced.

In the program as outlined by Manager D A Bandeen the project

clinics also will receive presentations of industrial reports made by the committees of three major West Texas railroads, the Santa Fe, T&P and Burlington. These reports will cover surveys now being completed by the respective committees and will represent approximately \$40,000 of factual information.

Already for distribution is the grain sorghum report from the WTCC-Burlington industrial committee which was prepared by engineers of the Texas Electric Service. This report deals with factual information on the production and utilization of grain sorghums and will be a handbook for local WTCC directors in an effort at industrialization of this leading West Texas crop.

It was announced the cotton report now being prepared under the WTCC-Santa Fe committee is nearing completion and likewise will be ready for distribution at the project clinics. This is an analysis of the cotton manufacturing potentialities of West Texas. It is being prepared by Mark Wood at Texas Tech, Lubbock.

Another important project to be reported is that of the WTCC-T&P industrial committee, which has denary an economic analysis of the West Texas area served by the T&P. Dr Sidney L Miller is preparing this analysis and he has already made three independent reports which include livestock feedings, leather goods potentialities and water needs of the area.

## Child Safety Month Is Proclaimed by Jester

Governor Beauford Jester has proclaimed September as "Child Safety Month" to focus attention on the need for protecting children from traffic accidents as they start back to school.

A statewide program reaching into every community that has an American Legion Post is being sponsored jointly by the Legion and the Texas Safety Association.

Motorists are being urged to "Watch out for the kids—give them a brake." Parents are encouraged to help teach safe habits to youngsters. The kids themselves are reminded not to play in the street or road and always to look before crossing a thoroughfare.

Governor Jester in his proclamation pointed out that 218 children below the age of 14 were killed in Texas traffic accidents last year, while 1,826 boys and girls were injured.

## AFTER 16½ YEARS' SERVICE...

## McCauley Pastor To Give Farewell Sermon Sunday; Plans Retirement

Rev. C. E. Dick, who for the past 16½ years has served as pastor of the McCauley Baptist Church, will preach his farewell sermon to the congregation at 11:00 a. m. Sunday, September 19, he announced this week.

Rev. Dick will present his resignation to the church at the morning service, and plans to leave next week with Mrs. Dick for a small farm near Crosbytown, where they will make their home.

Retiring from the ministry after 37 years of service, Rev. Dick said he has been advised by his doctor to "take things easier" to avoid serious injury to his health.

Evening services at McCauley Sunday will be conducted by Rev. Roy Hennington, a graduate of Hardin-Simmons University, Abilene and who is postmaster at McCauley.

During the pastorate of Rev. Dick the McCauley church has made more than \$6,000 worth of improvements in the church building and property, including the construction of a garage, cellar and cistern. The church membership now totals about 225, Rev. Dick said.

"I do not plan to retire completely from the ministry," Rev. Dick said, "but will have to slow down and release myself from pastoral duties. I plan to do supply work and perhaps later to conduct a few revival meetings."

During the 37 years of his church service Rev. Dick has been pastor of churches at Post, Crosbytown, Cotton Center and Ovalo in addition to his pastorate at McCauley.

Rev. and Mrs. Dick are the parents of six children, all of whom are married and living elsewhere. The minister is a graduate of Hardin-Simmons University, Abilene, where he received his degree in 1921.

## Traffic Accidents in County at Minumum

Only one traffic accident was reported in Jones County for the period of two weeks from August 25 to September 7, according to State Highway Patrolman Jerry Bright.

During the same period one accident was reported in Shackelford County, none in Stonewall County and six in Haskell County, Bright said. The patrolman has charge of traffic regulation in the four counties.

## HAS OPERATION

## PAINT SALE

We have received notice from the paint manufacturers that paint will take another increase in price effective September 10. All this year we have been trying to hold our paint prices down as low as we possibly could. We have taken most of the losses in the increases we have had to pay for paints. With the increase that will be effective September 10, we will be forced to raise our prices on nearly all paint items, including outside paints, inside flat paints, enamels, Kem-Tone etc.

We have a big stock of paint on hand and are willing to give you the advantage of buying on our old prices through September 18. The prices on some items are listed below.

Present Price—Approx. New Price—Saving

Outside White Paint..	\$5.35 Gal.	....	\$5.95	....	.60
Enamel .....	\$6.25 Gal.	....	\$7.15	....	.90
Kem-Tone .....	\$3.49 Gal.	....	\$3.79	....	.30
					or probably...\$3.89 .... .40

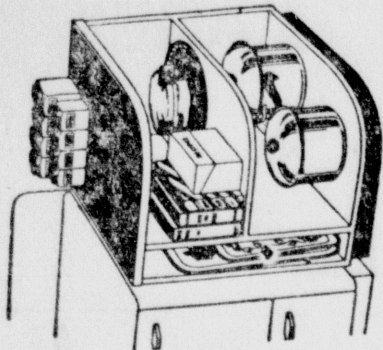

Most other paint items about the same increases. If you will need any kind of paint in the next few months you can make a nice saving by taking advantage of these old prices before September 18.

## THE BABE GOES HOME

Whatever means as much as an "all-hot" is getting quite a play today in that Valhalla to which baseball folks go. The angels, we like to think, have set aside their wings and are in shirt sleeves. The bars have been let down somewhat. St. Peter is not so strict on the gate; those not quite eligible are permitted knotholes. Arguments are not frowned on and a little ribbing goes. For the first time, perhaps, it is all right up there to throw a pop bottle.

Diadems are a little tilted. The sun is shining at its brightest, there is the snap of flags in the breeze, the grass was never greener. George Herman Ruth has come home.

It is curious how many potentates and great ones of the earth are in the bleachers and how many folks who were not great shakes when on earth have the box seats. It's very special. The scores have been kept with great care. Those who did it the hard way, who triumphed over handicaps, who came through against odds are being smiled on. There is an enormous section for lost sheep and prodigal sons.

The harps are put aside for brassier instruments and for tin horns and super-noise makers. Gabriel himself leads a cheer and the Bambino enters. He is dazed and needs a few minutes to get things straight, to realize that the doctors are gone, the men with the stethoscopes and the tubes and the instruments, the nurses and the charts, the agonies and the darkness.

He rubs his eyes. "It's all right," a voice of infinite tenderness tells him. "What's all this? Where am I?" asks the Bambino, young and vital. "It would take too long to explain," says the Voice, "and you might not find it easy to understand. We're not too sure whether this is just the proper thing or not but we are scrambling up values, standards and the rules a little."

"But I don't rate all this," stammers the Babe. "I was a pretty tough one in my time. The reformatory type, remember?"

"And a bad actor in plenty of spots. There was that time when..."

"Shut up and come in," says a fellow with a great shock of hair. "And remember you never got anywhere talking back to me."

"Judge Landis!" exclaims the Babe.

"Get into action," says the Judge. "It's been lovely up here, but, well, a little too quiet without you."

"Look, is this a dream? Did the doc give me too many dope pills last night?" pleads the Babe.

"Take it from us. This is all the real thing," comes from a trio of familiar voices.

"Colonel Huston!... Jake!... Miller Huggins!" cries the Bambino.

"Welcome!" says Colonel Ruppert. "And no salary talks!"

The Babe looks himself over. He sees that he is a youngster again. He observes that he is in the No. 3 uniform. He feels the old surge of power. But he still stands a little befuddled.

"Have a bat, pal!"

"Lou!... Lou!... Lou Gehrig!"

"Yeah, I've been expecting you, Babe."

Now the Babe hears such cheers as he never heard before, mighty cheers from the throats of old timers, departed buddies, the great host of kids who were called too soon, Brothers Matthias and Gilbert—all the great company of those who love a game batter, a big hearted guy, a fellow whose chief mistakes came from being too human.

He's at the plate once more—and on such a ball field!

The Bambino has come home!

## HOUSEHOLD HINTS

When jelly or jam scorches, put into a clean kettle, add a cut-up raw potato and continue cooking. The potato will absorb the burned taste.

A paste of fuller's earth and water spread on marble and allowed to stand for a few days will remove many stains. Wash off and polish as usual.

Use leftover duck in a rice or macaroni salad with celery and sweet pickle relish; serve on lots of shredded salad greens.

If you are putting slipcovers on your furniture, clean the upholstery well first. Otherwise, they may hide and shelter moth larvae. And the moths may do a great deal of damage before you discover them.

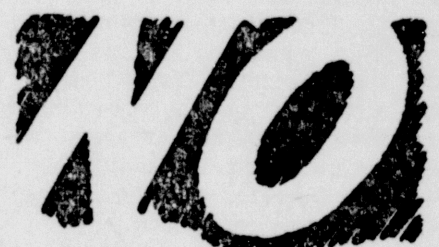

Try using a gravy boat to fill jars and tumblers when canning jelly and preserves.

Combine maple sirup and marsh-mallow cream, using half a cup of the sirup to one-quarter cup of the cream, for an ice cream topping.

When packing cake in waxed paper, sprinkle the paper with powdered sugar first. This helps the frosting to stick to the cake and not to the paper.

When rags are too worn for household use, wash and store in a paper bag in the garage for the men to wipe their hands on when tinkering with the car.

Keep a stiff brush near the laundry tubs. Before putting garments into the wash, turn any pockets inside out and brush thoroughly. The brush will be handy also for brushing soapuds on soiled places, such as neckbands, collars and cuffs.

## Harsh Laxatives are NOT necessary for most people

## THE FICTION CORNER

## BACK SEAT SAX

By CATHERINE BARRETT

MY NAME is Joe, but the fellows in the orchestra call me Bunny. They're nice fellows all right and they don't do it to hurt my feelings, but I'm scared of audiences, see, and every time I get up in front of one my mouth starts to twitch and it makes my nose wiggle—like a rabbit's. I've seen myself in a mirror and I got to admit if I was one of the fellows I'd be calling me Bunny, too. You get what I mean.

Nine years I've been in Jake Little's orchestra playing the sax and the bassoon. First we went all over the country but now we've got a neat little spot in Hollywood. Jake likes me and he thinks I play the sweetest sax he ever heard, but a long time ago he quit passing me solo parts because sure as I ever got up where I faced an audience I'd get nervous and my darned mouth would start twitching and well, there I was.

I've had to sit back and watch plenty of other fellows come and go, getting the solos, getting the hands, getting the raises in pay, and getting new and bigger contracts some place else. Now it's Charley Welch.

I play better'n he does—oh, that ain't bragging—even Charley'll tell you that. Only Charley's got the personality. And he's good looking.

And Marge likes him. That's the rub.

Marge is head usher here at the Zenobia. One of those cute little flashy-eyed girls in the satin uniforms. You've seen 'em. Brass buttons down the front and swallow-tails over their tight blue satin pants. You wouldn't think to look at Marge that she's like she is. Practical and hard working.

She's had a tough time, see. She's twenty-two but you'd never guess it. And she's got a kid five years old. The cutest little trick you ever saw. Vingie. Vingie likes me too. "Why do they call you Bunny?" she says to me, and she looks at my ears like she thinks maybe they'll grow up out of my hair.

"Because I'm a rabbit, see," I tell her. Only I'm looking at her mother.

Marge frowns and then she says, "That's what makes me so mad at you. Why do you let yourself be a rabbit?"

Marge is like that. What she don't want to be, she won't let herself be. Marge got married when she was sixteen to some rich folks' kid. He run out on her before Vingie was born and ever since Marge has taken care of herself. She's got a nice little apartment and she dresses Vingie up clean and cute. Oh I tell you, Marge is smart.

She's too good for me. She ought to have a fellow that could do a lot for her. She says to me, "If you were only the sort who'd ever get ahead." And she looks at me cross. "I like you, Bunny," she'll say "better than any fellow I ever knew, but I don't want to get married to a backseat sax player who'll never be anything else."

Charley Welch has been making a play for Marge. I like Charley, only he's the darnedest guy about getting to work on time. Always the last one. Skating across the stage and freezing into position the very second the curtain starts up. We've kept telling him some time he'll miss it. He laughs and says he'll commence starting earlier. But he never does.

"Charley's fun," Marge says to me. "And he'll get ahead too."

"Honey," I says to her, "you're not going to marry Charley, are you?"

"Well, I don't know," she says. "I could calm him down a little. And if he had a wife to see that he got started to work on time..."

It gets me worried, see, and I begin to think that I want to get married to Marge so bad that maybe now I could handle a solo spot and not go twitchy and miff it. So I ask Jake Little to give me a try. And he does, on one of the matinees.

Do I go over big? No, I sit back there and I don't look at the audience but I know it's out front. All them eyes. I begin to sweat and my mouth goes to jumping. I signal Jake and he gets Charley to take over.

I don't even ask Marge to let me take her home, I just go on to my own place. And I think about

"Joe," she says, "you were wonderful. I knew you could do it." Vingie was there, too, dancing around and clapping hands."

Charley probably taking her home in his roadster. Charley'll laugh and say, "That poor Bunny."

Then comes the matinee when Charley don't show. His seat's empty and Jake is gettin' nervous and the fellows are saying like they always do, "Don't worry, he'll be here." But he don't come, and the buzzer sounds... and Jake makes me come up and take Charley's place. He looks down at me like he's sore and he says, "You'll do the solo. Get it?"

So I'm stuck with it. And I tell myself, all right, you got to. You ain't going to be a rabbit all your life. Think of Vingie. And remember, Marge is out there.

I ain't begun to twitch because I got my lips held so tight they're moving my teeth back into my mouth.

I KNOW the part all right. I always know all the parts. And I can play 'em like a million dollars at home. I can even play 'em for Marge. It's the audience that gets me. All them eyes.

Okey, I tell myself, you do it this time, or you're through. And I mean through.

My time comes and I stand up. I start lifting my sax. I'm not twitching... But my lips has frozen solid over my teeth. I try, and get out of breath and my chest collapses. But my sax is up. The cue comes.

And the sweetest music I ever heard comes floating in from the wings.

I look quick sideways. Charley's

out there. Charley's playin' his piece.

I stand there and go through the motions.

First thing I know I find myself lookin' down at that audience. You know, it's funny, but that's the first time I ever saw the people in an audience. It ain't an octopus any more. It's fellows and girls, and women that look like the woman that runs the restaurant where I eat, or the one who sits across the way on the bus.

And what do you think I see. Why, right there in the front row is Vingie. With a grin all the way across her little pink face. And clear in the back is Marge, and she's watchin' me so hard her eyes are round and shiny.

Well, sir, my chest begins working again and I can breathe. My lips unfreeze. In a minute I'm standing there as easy as can be. Boy, is that a swell feeling!—Like sprouting wings.

I'm still feeling like a bird on the loose when the show's over and Marge comes back. She rushes right over to me, "Joe," she says—first time she's ever called me Joe. "Joe, you were wonderful. I knew you could do it." And she takes my arm and hugs it to her.

## Kathleen Norris Says:

## Worry Is a Destroyer of People

Bell Syndicate.—WNU Features.

"She's afraid that Linda's baby is being spoiled, and afraid that Linda's having another, and that Derrick never will be a money-maker."

By KATHLEEN NORRIS

A WICHITA man is leaving his wife and going to live with his mother on her farm. Their only son, 17, is going away to college. Their only daughter, who is now 20, ran away and got married three years ago. The man, Bert Snow, says he has borne all he can bear and that his wife is driving him crazy.

"Mattie," said his letter, "is about the worst worrier I know. Lots of women worry, and bother their tired husbands at night with a lot of nonsensical complaints that they ought never to mention, but Mattie beats the lot. Everything she says is worrying. In the mornings it's the weather, the paper being late, the garden being dry, the house being in such a condition, the oven being slow getting hot, the coffee not being like the last pound, the teaspoon that has been missing for years, the napkins wearing out so fast."

Every word is worry. Her face has a brown, dried, wrinkled look from worry. She's afraid that Linda's baby is being spoiled, and afraid that Linda's having another, and that Derrick never will be a money-maker. She calls up my son in the middle of a school morning to remind him of his cough pills. She worries when she telephones her friends and she worries when she doesn't.

## Has Many Worries.

"All this is about nothing. And with all this, she keeps up a constant undertone of paralyzing anxiety about real troubles, so that sometimes she actually cannot get a meal or speak for terror. Anything alarming that is said on the radio, about war, or bombs, or floods, or weather, any suspicion of epidemics or statement as to the prevalence of cancer or polio, statistics on highway or bathtub accidents, these throw her into a low nervous state in which she murmurs and trembles for hours. High prices, scarcities, unexpected charges by the dentist, plumber, doctor, everything is grist to poor Mattie's mill. I'm getting as bad as she is. I'm going home to Mamma."

This pathetic, desperate letter from a 50-year-old man describes a domestic condition that is only too common nowadays. Not that most worriers are as bad as Mattie.

But we are all worriers, more or less, and worry is like mildew, or termites, or gangrene. It eats away our powers, it weakens our will, it darkens a hundred scenes that ought to be unclouded and happy.

The truth is that while worry is wasteful, unprofitable and uncomfortable for all concerned, there is no saying today that we have nothing to worry about. We have everything to worry about.

Thousands of inessential things are right with our civilization; but two or three supremely essential things have been so badly mismanaged and have been allowed so to harden into custom and usage, that do what we will we cannot balance or rationalize our problems. Life could be different, without wars, intemperance, unemployment, privation, and, above all—without fear. We know it could, at one-tenth of the cost of war. We know all nations want to be friendly; all men and women want to sleep securely and safely in their own households. We know there is plenty of everything desirable in the world: Sunshine, homes, food, friendship.

"I'm going home to Mamma."

## DON'T WORRY

While it is perfectly natural for everybody to worry at some time, incessant worry weakens the will, destroys confidence and causes much unhappiness.

Bert Snow, 50, is plagued with a wife who constantly complains and is beset with an endless stream of nonsensical worries which oftentimes paralyze her with fearful anxiety. The situation has become so intolerable that Bert has decided to leave his wife and return to his mother's farm.

Although Miss Norris admits that there are problems confronting today's civilization, she emphasizes that it is the wife's duty to steel herself against the world's troubles. When her husband returns home from a difficult day at the office, she should greet him cheerfully and erase all the troubles from his mind.

The thought that is driving us all mad is, why, in the name of God, our Father, then, haven't we all these things!

Oh, yes, Mattie and her kind have plenty to worry about, from the grease spot on the new carpet to the latest from Moscow. But American women today must stop worrying—about everything. True patriots, realizing that we are the strongest nation in this ruined world, and that all the others look to us for help, must rise to this call to arms.

## Give Your Best.

We must do our best with the inevitable shocks, we must feed our families cheap food if we cannot afford better, we must invent, originate, experiment, change. We must enjoy everything we possibly can; fine music, third-run movies, magazines, walks, books, the miracles of sunrise and moonrise, the joy of quiet hours at home.

We must steel ourselves to spare the children and the tired man who comes home from nervous, exhausting office days, the misgivings we cannot help feeling. Just to find you cheerful, confident, philosophical, will do more for your husband than any other thing—than any other dozen things—that could be done for him. The earlier generations of American women helped to build this amazing republic by an attitude of "Don't worry dear, we'll get through this."

We will get through this time of high prices, taxes, house shortages, war fears and war debts; we will emerge into peaceful times and wiser times. We will know years—centuries—when the stupidities of today will seem like a bad dream.

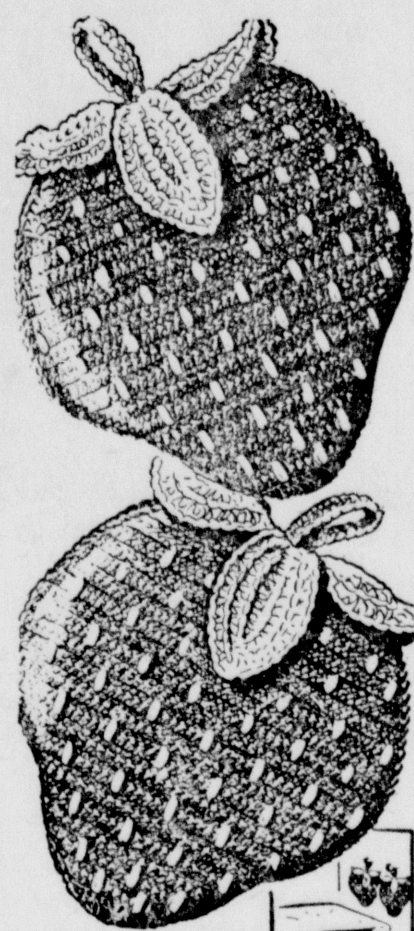

We have grown up too fast, our amusements and extravagances and escapes have temporarily upset our sober reason. But we'll find reason again, and with it a type of living the world never has known. Sweep away all your worries this minute; the unpaid bill, the red spot behind Buddy's ear, the letter from Mamma, the office humiliation that dear old patient John has to take, the newspaper headlines, the mosquito that descends humming over you as soon as you put out the bedroom light at night—all of them, all of them are only dreams which will vanish when the morning of courage and determination dawns.

## New Hospital Color

FORT WORTH, TEX.—Glaringly white hospital walls in hospital rooms may be a thing of the past. St. Joseph's hospital in Fort Worth now uses a soft shade of green for operating rooms. It is one of the first in the state to convert to the new color. The idea is to cut down on the glare.

The color scheme is carried over into the drapes, sheets, operating gowns, caps and masks. Authorities say it helps to relieve eye fatigue and strain.

## Sparrows

Grace Noll Crowell

I LOVE the sparrows, bad though they may be, And you would love them, too, if you had lain Long hours with them alone for company, And if their friendliness had eased your pain. Gray days, gray skies, gray sparrows on bare trees, Yet something in their tuneless song so true, I often think a sparrow's voice must please The Lord as much as larks' and thrushes' do.

Remember this—"Are not two sparrows sold For one small farthing, yet not one may fall Without the Father sees it." This I hold More close than any comforting at all. "And fear ye not, therefore—" O little birds, Your nearness brings the solace of these words.

Sounds easy, until we tell you that you put a baby bottle nipple over the top of each bottle first. The sight of all the Joes and Jills desperately pulling on their nipples bottles is enough to lift any party out of its doldrums!

## State Revenue For 8 Months Up Over Last Year

Revenue paid into the treasury of the State of Texas reached a high of \$513,611,845 for the first eight months of 1948, compared to \$377,549,123 for the same period of 1947, a report issued this week by the office of the State Comptroller revealed.

Receipts for the month of August, the report indicated, were at \$43,055,975, and predictions were that the total for the year will be near the billion dollar mark for the first time in the history of the state.

Chief source of revenue in 1948 has proven to be the gross production tax on crude oil, which yielded \$87,423,829 into the public coffers, as compared to \$56,287,541 for the first eight months of 1947.

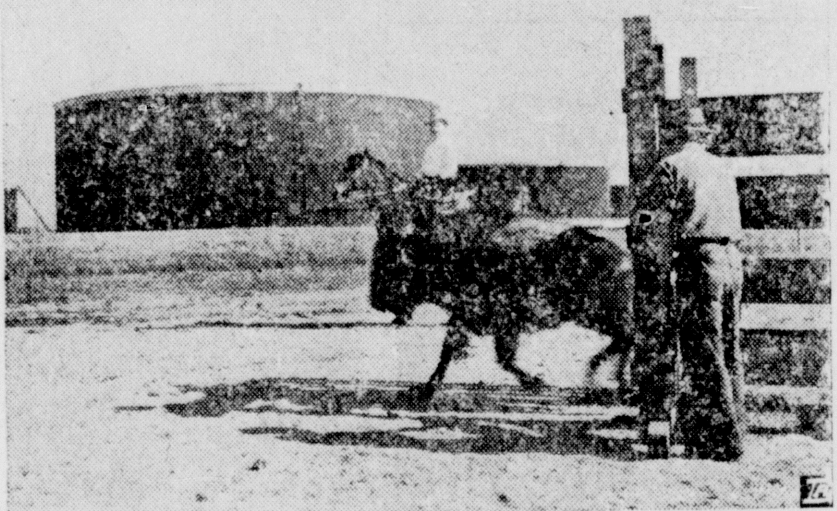

Following the gross production source closely was motor fuel tax, which was responsible for \$86,667,419 through August of 1948, and \$78,749,321 for the same period of last year.

Ad valorem taxes brought in \$27,548,916 this year and \$15,009,461 last year prior to September 1. Mineral leases, rentals and bonuses were responsible for \$26,398,966 in 1948 and \$5,126,628 for the like period of 1947.

For the first eight months cost government also took an upward swing, but not as sharply as the income. Total cost of Texas' government through August of 1948 was set at \$407,114,133 as compared to \$319,586,777 for 1947 prior to September 1.

Heaviest expenditure in the expense column was \$149,938,192 for education this year as com-

## Poultry, Eggs Hold Firm as Prices Hit Skid

Eggs and poultry were about the only farm products to hold up under general declining prices at the Southwest markets last week, the Production and Marketing Administration of the United States Department of Agriculture, reports.

Fair to good demand kept eggs moving at steady to firm prices at most Southwest markets last week. Straight run farm eggs brought anywhere from 38 to 40 cents per dozen. Top quality eggs were still scarce and prices strong.

Fryers were slightly stronger. The prices ranged mostly from 38 to 40 cents per pound. Heavy hens were steady around 28 to 32 cents per pound. Roosters traded at 14 to 18 cents at most Texas markets and higher at New Orleans.

Cattle were steady to strong at most Southwest markets Tuesday, following pre-holiday losses of 50 cents to \$1 per 100 pounds since September 1. Canner and cutter cows brought \$12.50 to \$17 at Houston; \$12 to \$16 at San Antonio, \$11 to \$16 at Fort Worth; \$13 to \$16 at Oklahoma City; \$15 to \$17 at Wichita and \$15 to \$15.50 at Kansas City.

Trading in spot cotton lagged last week, although ginning was in full swing in many areas. Slightly stronger prices failed to demand was lacking but domestic attract many offerings. General numerous.

Conflicting forces at work in the grain market caused an unsteady undertone. Compared to September 1, Tuesday's closing prices were a nickel per bushel lower on corn, seven cents on barley, two cents on oats, a half cent on wheat and about two cents per 100 pounds on sorghums.

## 350,700 Employed in Texas Factory Work

An estimated 350,700 workers were employed in Texas manufacturing industries in July of 1948, the University of Texas Bureau of Business research reported.

Manufacturing employment fell one per cent below June levels, but rose five per cent above July, 1947.

Durable goods industries stepped up employment three per cent from a month earlier and nine per cent from a year earlier. In the non-durable goods group, employment slid four per cent from June to a level two per cent over July

# Why new telephone rates are necessary in Hamlin

FOR THE FIRST TIME since 1931, the telephone company is asking for an adjustment in telephone rates in Hamlin. The request is made necessary by the rapidly rising costs of furnishing telephone service, which have thrown our operations here "in the red."

Here are some of the reasons an adjustment in telephone rates is necessary at this time:

- During the last half of 1947, we furnished telephone service in Hamlin at \$1,608 less than cost:  
We spent . . . . . \$12,469  
We collected . . . . . 10,861  
We lost . . . . . \$1,608
- Hamlin's telephone rates have not been changed since 1931.
- In this period Hamlin has grown from 407 telephones to 730.
- Several general wage increases have been granted telephone employees since 1941.
- The total monthly payroll in Hamlin is four times as high as in 1941, due to higher wage rates and a larger number of employees.
- Telephone poles cost nearly three times as much as in 1940 . . . office supplies, envelopes, office forms, and other costs of doing business, are much higher than a few years ago . . . copper costs 105 per cent more than in 1940 . . . lead is up 240 per cent.

The 1948-1949 telephone expansion and improvement program for Hamlin calls for a gross expenditure of nearly \$100,000.

The program includes: installation in the Hamlin central office of an additional section of local switchboard, an additional section of long distance switchboard, and 140 more subscribers lines, all at a cost of \$6,000 . . . extension of the network of outside lines and cables throughout Hamlin . . . and a \$91,000 rural project next year to bring modern telephone service to about 240 families and business concerns in the area surrounding Hamlin.

Central office equipment costing \$2,400 was added during March of this year.

Also, four additional long distance circuits will be placed in operation next year to speed Hamlin's long distance calls. The new circuits will include two to Rotan, and one each to Roby and Abilene.

### NEW SCHEDULE OF TELEPHONE RATES

Following is the proposed new schedule of telephone rates in Hamlin:

Class of Service	Proposed New Monthly Rate
Business telephone . . . . .	\$5.50
Residence straight-line . . . . .	2.75
Residence two-party line . . . . .	2.25
Rural business telephone . . . . .	3.50
Rural residence telephone . . . . .	2.00

The increase is five cents a day for business telephones, and less than a cent a day for residence service.

Rural business telephones will cost less than two cents a day more. Rural residence customers will pay the same rate as at present. In addition, rural customers living more than five miles beyond the city limits will pay a mileage charge of 25 cents for each five miles or fraction thereof, beyond the five-mile allowance.

Charges for various auxiliary telephone services will be increased in relation to higher costs of furnishing them.

The adjustments are moderate in comparison with the increases in costs of furnishing telephone service, and the higher prices Hamlin families pay for most things they buy today. It is no longer possible to meet post-war costs of furnishing telephone service with revenues from rates established 17 years ago.

## Two Wells Reach Pay Near Hamlin

### Set Locations for Two More Oil Tests

Two wells in the Hamlin field came in for what is believed will be pay production this week, and locations were staked for two more tests in the rapidly-growing field west of here in Fisher County.

The Dr. W. H. Bryant No. 3 well pay at 4,800 feet Monday afternoon, and a Railroad Commission test will probably be run on the well early next week.

The crew cemented pipe after production was found and will drill the plug Friday or Saturday. Reports from oil field observers estimate the Bryant No. 3 to be one of the best paying wells in the field.

The Ashby Drilling Company, putting down a well on the G. A. Poe land, as a south offset to the Jackson, struck oil pay about 10:00 p. m. Tuesday evening.

The crew Wednesday was preparing the hole for an official test. The indications, observers said, were that the well will be a good producer.

Meanwhile Dr. Bryant was preparing to move his rig to the north east corner of his 100-acre tract to put down a fourth well. The other three drilled on his land have been producers.

It was also reported Wednesday that a test will be put down on a

location on the Swenson tract, immediately east of the Dr. Bryant lease.

In Fisher County, two miles west of McCauley, operators were planning to perforate casing and squeeze off the bottom part of the Noodle Creek lime in the Humble Oil & Refining Company, No. 1 Jeanette Nickless, west offset to the West McCauley field discovery well.

The well was completed in the Noodle Creek from 3,170-93 feet, while drillstem test showed some oil, gas and salt water.

The Ungren & Frazier et al No. 1 W. W. Ivey wildcat, located three miles east of Hamlin was abandoned as a dry hole this week after drilling to about 3,300 feet in a search for the Swastika.

### Treadwell Appointed Creamery Manager

Herman Treadwell, who has been employed in Malouf's Department store for the past several months, has been appointed manager of the Hamlin plant of Banner Creameries. Treadwell assumed the new position Monday.

A graduate of Hamlin High School, Treadwell later attended Wayland Junior College. He served four years in the army during the war, 28 months of which was spent overseas with the 36th Division.

## Resident Doctors Placed in Charge Of City Hospital Pending Settlement

Dr. J. F. Hocott and Dr. E. L. Haag, who have been serving as resident physicians in the Hamlin Memorial Hospital since its opening, were put in full charge of the institution this week pending settlement of the muddled affairs of the hospital.

The doctors assumed charge of the hospital, and have announced they will continue to operate the institution while directors and stockholders are making efforts to reorganize.

"The first consideration," Star Inzer, who has been active in the effort to reorganize the hospital, said, "is to keep the hospital functioning. We want it to continue to serve the people as a hospital and don't want it turned into some other type of business."

### Crowd Attend Revival In Calvary Church

Large crowds were reported to be in attendance at the revival meeting being conducted in the Calvary Baptist Church in Hamlin, the pastor, Rev. W. E. Nunn, said this week.

The meeting is being conducted by Elder J. B. Pruitt, pastor of the First Baptist Church of Talco. Services are held each evening at 7:30 with prayer groups meeting at 7:00. Morning services begin at 10:00 each day. Pruitt was scheduled to speak in "The Unpardonable Sin" Thursday evening.

### Two Enlist in Army at Sweetwater this Week

Two Hamlin men volunteered for service in the Arm this week at the Sweetwater Recruiting station, it was announced by Sgt. Harold Hartgraves, who is in charge of the station.

The men are Domingo Flores, 20, and Avery Gene Hopper, 19, son of E. B. Hopper, Route 2, Hamlin.

John Irwin transacted business in Stamford Tuesday.

### Clifton Townsend to Head FFA Chapter

Clifton Townsend was elected president of the Hamlin chapter of Future Farmers of America for the coming year at a meeting held Tuesday night, September 14.

Other officers named are Donald Young, first vice president; James Brigham, second vice president; Donald Green, third vice president; Dennis Johnson, reporter; Joe Edwin Ford, secretary; Gene Westmoreland, treasurer; Carl Meyner, sentinel; Donald Johnson, parliamentarian; Roy Riley, historian and Ted Kelly, song leader.

T. C. Blankenship, teacher of vocational agriculture, is adult sponsor of the FFA.

## McCauley School Opened Monday

Headed by S. L. Smith, superintendent, a nine-member faculty greeted students of McCauley public schools Monday, when the annual term got underway.

Smith, who has been serving as high school principal at Rails, is a graduate from Abilene Christian

S. L. SMITH

College, Abilene, where he received a B. A. degree. He has also done graduate work in Texas Tech at Lubbock.

Other members of the faculty are: K. C. Short, high school principal; Mrs. Lillie Mae Hennington, English instructor; Orvel Hill, history teacher; Mrs. Mattie Sewell, seventh grade; Mrs. Rosa Lee Woods, fifth and sixth; Mrs. Luther Rector, third and fourth, and Mrs. Mae Hennington, first and second.

A homemaking instructor and eighth grade teacher will be announced later, Smith said.

### Blankenship Tells of FFA School Program

T. C. Blankenship, vocational agriculture instructor in the Hamlin school system, told the Hamlin Lions Club Tuesday about some of the work being done by members of the Future Farmers of America.

He discussed in detail the achievements of one member of the group and then pointed out that the club has the following projects for the year: nine heifers, two beef bulls, 21 brood cows, one dairy bull, 15 brood sows, 75 pigs for pork, two boars, two horses, 525 frying chickens, 13 capons and 679 hens.

### Baptists of County in Association Convene

Baptists from all parts of Jones County gathered in Avoca Tuesday and Wednesday for the annual association meeting.

Several members of the Hamlin Baptist Church, including the pastor, Rev. A. R. Posey, and Mrs. Posey, attended the sessions.

### TO ATTEND H-SU.

Jack Owens will enroll for the fall term in Hardin-Simmons University at Abilene.

## Final Taps Sounded for Lt. Boyd in Military Rites; Burial Was in Abilene

The body of Lt. Joe Wesley Boyd came home to McCauley Wednesday for final honors before it was placed with full military tribute in the Cedar Hill cemetery in Abilene.

Funeral rites, with military ritual, were conducted in the First Baptist Church in McCauley at 2 p. m. Thursday, with Bruce Proctor, minister of the Church of Christ, and the Rev. C. E. Dick, pastor of the McCauley Baptist Church, in charge.

An honor guard from the Hamlin post of Veterans of Foreign Wars performed the military rites.

Lt. Boyd was killed in action in Europe November 12, 1944, and his body since that time has been buried in Limey, France.

The body was accompanied to Hamlin from Fort Worth by a military guard. After arriving in Hamlin the body was taken to the home of the parents, Mr. and Mrs. L. H. Boyd of McCauley, where it lay in state until funeral services.

Born in Stamford, September 1, 1923, Boyd was 19 years of age when he volunteered for service. He had graduated from high school in McCauley and later attended John Tarleton College, Abilene Christian College and Texas A&M College.

He had been active in 4-H club work and was an active member of the Church of Christ.

Boyd took part in the Normandy invasion on D Day, June 6, 1944, and was in combat for 157 days with Patton's Third Army. He was killed instantly in the battle of Koenigsacker.

He is survived by his parents, a sister, Velma Lu, and a brother, Homan.

Burial was directed by Barrow Funeral Home.

### Memberships in Rural Road Group Are Sold

Memberships in the newly organized Jones County chapter of the Texas Rural Roads Association are being sold this week by members of the Future Farmers of America of the local high school.

Star Inzer, Jones County chairman for the road improvement organization, has urged full participation in the membership drive by every person who wants to "get rural Texas out of the mud."

The FFA receives a part of the proceeds from each membership sold. Memberships cost \$1.

### ATTEND BANK MEETING.

Lester Morton and Clyde Angel, of the Farmers & Merchants National Bank, attended a conference in Austin four days last week. The nation, held at Texas University in the name of the Texas Bankers Association is sponsored by the university as a short course for state bankers each year.

"Pictures don't lie," W. C. "Ted" Russell, Hamlin banker, told friends here after he and Mrs. Russell, pictured above, returned from a fishing trip near Vancouver, B. C. The caught 200 pounds of salmon during the trip, with one 28½ pounder and another weighing 24 pounds, in the bunch. Mr. and Mrs. Russell are shown with a few of the salmon that made up their take.

## Pied Pipers Hold Stamford to Tie

### Fighting Squad Will Meet Abilene Here

A hard-hitting squad of Hamlin Pied Pipers opened the 1948 football season last Friday night by holding the Stamford Bulldogs to a 7-7 tie in front of a capacity crowd from the two towns in Stamford stadium.

The Pipers, rated by most dopsters as the underdogs, gave a pleasant surprise to Hamlin fans at the game and came near avenging last year's one-sided defeat at the hands of the Bulldogs.

The Bulldogs took the first tally when Ted Sitton, quarterback, shot a touchdown pass to Ray Hansen and then kicked the extra point.

Pipers scored when little Joe Ford, halfback, broke loose in the third quarter from the Hamlin 48 and galloped down the field to carry the ball across. Joe Allen Dean of Hamlin kicked the extra point.

The game was featured by fumbles, and several penalties were assessed both teams. Stamford was penalized several times for "holding," which, they explained, was because of a misunderstanding of rules.

Late in the fourth quarter Donald Young shoved the ball over for a touchdown, but the play was called back and Hamlin was given a 15-yard penalty for holding.

Jubilant Hamlin fans, with renewed faith in the Pied Pipers, were singing the praises of Coach Jesse Burditt and the scrapping crew of players he has trained, this week, and predictions were being made for a successful season for the Pipers.

The locals will meet the Abilene "B" team on the Hamlin field Friday night for the first home game.

Originally scheduled against Aspermont, the change was made when Aspermont school officials discovered a conflicting game date for that night.

Burditt has been putting his charges through last-minute practice sessions this week to ready them for the scrap with Abilene.

Lineup for the Pipers for Friday night's game is:

No.	Name	Wt.	Pos.
98	Asa Goodgame	156	LE
83	Ceth Adams	160	LT
73	Carroll Phipps	144	LG
62	Thee Hill	148	C
72	C. L. White	140	RG
82	W. T. Stapler	164	RT
92	Stanley Butler	166	RE
14	Joe Allen Dean	141	QB
42	Donald Young	137	HB
40	Joe Ford	128	HB
32	Earl Putnam	145	FB

Substitutes who will be ready to participate when needed are: G. Fletcher, D. Rowland, J. Harwell, J. Maberry, R. Armstrong, D. Elmore, H. Hopper, J. Roland, J. Holland, A. Ellison, S. Shaffer, J. Spencer, J. B. May, G. Westmoreland, C. Townsend, D. Green, H. Johnson, J. Adams, R. Riley and H. Bonner.

### Driver Training to be Given in High School

Final arrangements for presenting a driver-training course to Hamlin High School students were completed this week, and 31 students have enrolled for the classes.

A 1949 model Ford has been provided for the course by the Hamlin Motor Company, and keys to the vehicle were turned over to I. R. Hutchinson, superintendent, this week.

Joe Douglas will teach the course, for which school credits will be given. The classes are offered to members of the junior and senior classes.

### New Directors Slated For VFW Club 6014

Election of a new board of directors for the 6014 Club of the Hamlin Veterans of Foreign Wars was slated for Thursday evening of this week, it was announced by members of the organization.

The meeting was set for 8:00 o'clock Thursday in the VFW clubhouse, and all members were urged to attend.

## Mighty Mice to Meet Merkel in First Game of Year; Schedule is Announced

Hamlin's Mighty Mice, the school's junior football team, will open a season of seven games with a home tussle against Merkel the night of Thursday, September 23, it was announced this week.

The Mighty Mice began practice sessions Thursday under the tutelage of Coaches Jesse Burditt and John Howell, and are expected to be in prime condition for the Merkel tilt.

The team this year will be composed largely of boys from the 7th and 8th grades.

Only two boys have reported who were on the starting lineup last year. They are Loyce and Trboye Hargrove.

Squadmen returning for this year's games are Guy Weaver, Kevon Rogers, Clark Hewitt, Jerry Seymore, Robert Fletcher, Don Kelly, Joe Don Hymer, Donald Armstrong, Gerald Elder, Marvin Johnson, Charles Early, J. R. Rhoton, Jimmy Lassiter, Joe Vic White, James Wright, Joe Ray Rosenbaum, Don Johnson, Melvin Carden, Donald Strain, and Jack Wright.

Boys up from the strong sixth grade team of last year are Billy Jean, James Elder, Lee Maberry, Don Crowley, Waylon Woolf, Terry Busby, James Eddie Jay, Burl Wooderson, Hoyle Brown, Richard Powell, Billy Ray Barnett, Billy Deel, Lloyd Mari, Billy Ray, Dwain Rogers, John Harwell, Dwain Hill, Milton Butler, Norman Current, Carl Travis Young, Robert Angel, Billy Shivers, Jimmy Ray, Donnie Holloway, Bobby Green, Skippy Wick, Raymond Boyd, Kenneth Kelly, Thomas Newlin and Don Marlowe.

Sixth graders out for the varsity team are Eugene Hais, James Lee, Wayne Farmer, Garnet Waggoner, and Bobby Seifres.

G. T. Black will coach teams made up of fifth and sixth grade boys.

## The Foremost Purpose.

It was not the intention of any of the 451 men and women who bought stock in the Hamlin Memorial Hospital to make huge profits from their investment. It is doubtful if even a single one of the group expected monetary return for the money expended.

The foremost purpose in the hearts and minds of promoters and investors alike was to provide Hamlin and this area with a modern hospital for the healing of the sick, and to furnish a living memorial for our glorious dead.

Both of those purposes have been achieved. The hospital has offered new life and new hope to the lame and the diseased and the disabled of our community, and it has been an inspiring reminder of the supreme sacrifice made by so many of the area's finest young men.

But now, regardless of the purpose for which the hospital was established, the people of Hamlin are perilously near to losing their hospital. The institution is almost on the verge of being taken over by its creditors, and what its fate would be after such a happening would be difficult to determine.

However, it is hard to see how Hamlin could possibly keep the hospital as an operating, functioning institution after the sheriff's hammer had fallen on the auction block of foreclosure.

There is an alternative, however. The alternative was pointed out last week by men who have spent long hours of hard work and at personal loss to themselves in attempting to untangle the knotty problems involved. That alternative would mean the throwing of the hospital's business into the hands of the district court and asking for appointment of a receiver.

The receiver then, instead of the 451 stockholders, would be empowered to transact business affairs for the hospital and to keep it in operation. He would assume the authority to settle the muddled finances and negotiate with doctors who would take the hospital over and keep it open.

If the primary purpose of the 451 stockholders had been to make money from their investment, then such a solution would not be keeping faith with them. But inasmuch as most of them gave of their substance for the establishment of a community healing center, this move may be the only feasible means of carrying out their original purpose.

In other words, paradoxical though it may sound, the only possible way of protecting the investments of these 451 stock-

holders is to take, by court action, their investments from them and put them under the direction of a receiver. There seems to be no other way of insuring continued operation of the hospital.

It is through no fault of the stockholders that the affairs of the hospital are hopelessly bogged down; nor is it the fault of the men who have served as directors of the institution. No one person can be blamed and no group of persons can be blamed. It is merely one of those situations that can be seen but not foreseen.

It is unthinkable that a city the size of Hamlin and with as much civic zeal as has been shown here should permit the hospital to be closed and the equipment moved out. The cost already paid has been far too great for that. Not only has the hospital already cost thousands of dollars in gifts and donations and investments, but a far greater price has been paid. That greater price was paid by young men whose life blood was pumped out of broken bodies at Argonne and on the Fields of Flanders and on Saipan and Salerno and the beaches of Normandy.

For the sake of the war dead who can no longer speak for themselves; and for the sake of the living whose lives and health may be spared to them by reason of the hospital, we cannot afford to permit removal of the institution if there remains any way on earth to prevent such a happening.

While there may be some who would object to the method that has been outlined by men who have studied the problem, it may be the only possible way to save the hospital for the community.

The Herald, which was active in the promotion of the association, believes it is far better to preserve the hospital for Hamlin than to try to keep inviolate the investments and lose the hospital. After all it was not the investment feature but creation of a local institution that was the foremost purpose.

Had you ever considered this? The high cost of living is caused to a great extent by the heavy taxes, many of them hidden, that you and I must pay on a debt of almost 300 billion dollars.

The horse and mule population on American farms has steadily declined, since 1935, while the number of tractors has increased just as steadily during the same period. More than 3,000,000 tractors now in use on the nation's farms represent a 186 per cent increase since 1935. This is just another factor in the ever-increasing use of oil to produce more food.

## Are YOU Going Thru CHANGE of LIFE?

causing you to suffer from HOT FLUSHES?

Does the functional "middle-age" period peculiar to women (38-52 yrs.) make you suffer from hot flushes, feel so nervous, high-strung, irritable, weak? Then do try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms. It's famous for this!

Taken regularly—Pinkham's Compound helps build up resistance against such "middle-age" distress. It's what Doctors call a uterine sedative. It positively contains no opiates—no habit-forming drugs. Pinkham's Compound helps nature (you know what we mean). It's also a great stomachic tonic! Any drugstore.

## Jet Planes to Be Displayed in Air Show at Abilene

A display of jet aircraft will be featured in the exhibition of ultra-modern aircraft scheduled to perform before the public at the air show in Abilene, Saturday, September 18, Air Force Day. The show will be conducted as part of the dedication program of Abilene's new municipal airport, the former Army Air Field at Tye.

Major General Roger M. Ramey, commanding general of the Eighth Air Force, will be principal speaker during the dedicatory ceremony.

The address is slated for 2:30, following a brief talk by Mayor B. R. Blankenship of Abilene. Col. Karl Wallace of the War Assets Administration will present a deed for the airport from the WAA to the city of Abilene.

A flying demonstration of model airplanes by members of the Abilene Model Club is scheduled for 1:00 p. m., to be followed at 1:30 by a flag raising ceremony during which the Abilene High School band will play, "The Star Spangled Banner."

At 2:00 p. m. two F-84 jet planes will arrive from Walker Air Force base, Roswell, New Mexico, to put on a flying demonstration and make passes over the fields at speeds in excess of 600 miles an hour.

## Gas Users Warned Not To Convert Burners

A warning to users of natural gas not to attempt to convert natural gas appliances to the use of butane and propane gas, was issued this week by J. E. Walling Jr., leader of the Texas Butane Association.

The practice is in violation of law, he pointed out, and it also highly dangerous. Many accidents, some of them fatal, are reported each year because of attempts to make these changes.

Harold Bailey of Cleburne, a former resident of Hamlin, was a guest last week of his brother and sister-in-law, Mr and Mrs. Clarence Bailey. He was enroute to Midland and Odessa to look after business interests.

HUGHES MEN'S STORE—Army feather pillows \$1; new fatigue jackets \$1.98; used fatigue jackets, \$1.

791 CHRIST STOPPED AT EBOLE—Carlo Levi. One of those rare and beautiful books like *The Story of San Michele*—the story of an Italian doctor's year in exile, among people who needed him and found him not wanting in deep devotion—a saint among men. Orig. \$3.00—NOW \$1.49

709 THE VIXENS—Frank Yerby, author of *The Golden Hawk*, American history at its liveliest—thrill to this story of Denise Lascais, beautiful Creole whose open pursuit of pleasure made women whisper, whose violent eyes made men forgetful. "A yarn that has everything... passion, violence, cruelty, lust, hate."—*Cincinnati Enquirer*. Orig. \$2.75—NOW \$1.49

Another famous novel by the same author  
873 THE FOXES OF HARROW—In the "wickedest city in the world," Stephen Fox built an empire out of gunplay, gambling, and the eager hearts of women. Complete book from which movie hit was made. Orig. \$3.00—NOW \$1.49

716 CREATURES OF CIRCUMSTANCE—*Edna Lee*. A sensitive story of a man with a dual sexual nature... the strangest story of a marriage ever told. "One of the most sensational stories in print—you will never forget it."—*Washington Post*. Orig. \$3.00—NOW \$1.49

74 THE SLING AND THE ARROW—*Stephen Spender*. A sensitive story of a man with a dual sexual nature... the strangest story of a marriage ever told. "One of the most sensational stories in print—you will never forget it."—*Washington Post*. Orig. \$3.00—NOW \$1.49

693 THE ADVENTURES OF OLIVER TWIST—*Charles Dickens*. Most appealing tale, about the unfortunate wail who fled the poorhouse, only to risk a worse fate at the hands of thieves and blackmailers. Now a J. Arthur Rank movie hit from Eagle-Lion—two hours to enjoy in novel form. ONLY \$1

690 GUS THE GREAT—*Thomas W. Dunne, Jr.* Gus lived in a world of thick streaks, expensive cigars, and luscious women. He was a prosperous circus owner, and his personal life and loves were a three-ring circus in themselves. Critics say: "A whole of a novel." Orig. \$3.50—NOW \$1.49

685 THE TYRANNY OF SEX (The Case of Mrs. Crump)—*Ludwig Lewisohn*. Famous novel long suppressed in this country, a horrifying yet enthralling indictment of one man's wife and marriage. An incomparable masterpiece. "—*Sigmund Freud*. This is the only complete and unabridged edition now available. Orig. \$3.00—NOW \$1.49

"Yes, I sure am a popular guy these days," says Reddy Kilowatt. "They are calling on me for more and more electric service for cooking, cooling, water heating, lighting and a lot of additional uses in industries and stores...in fact, the demand for my services is at an all-time high."

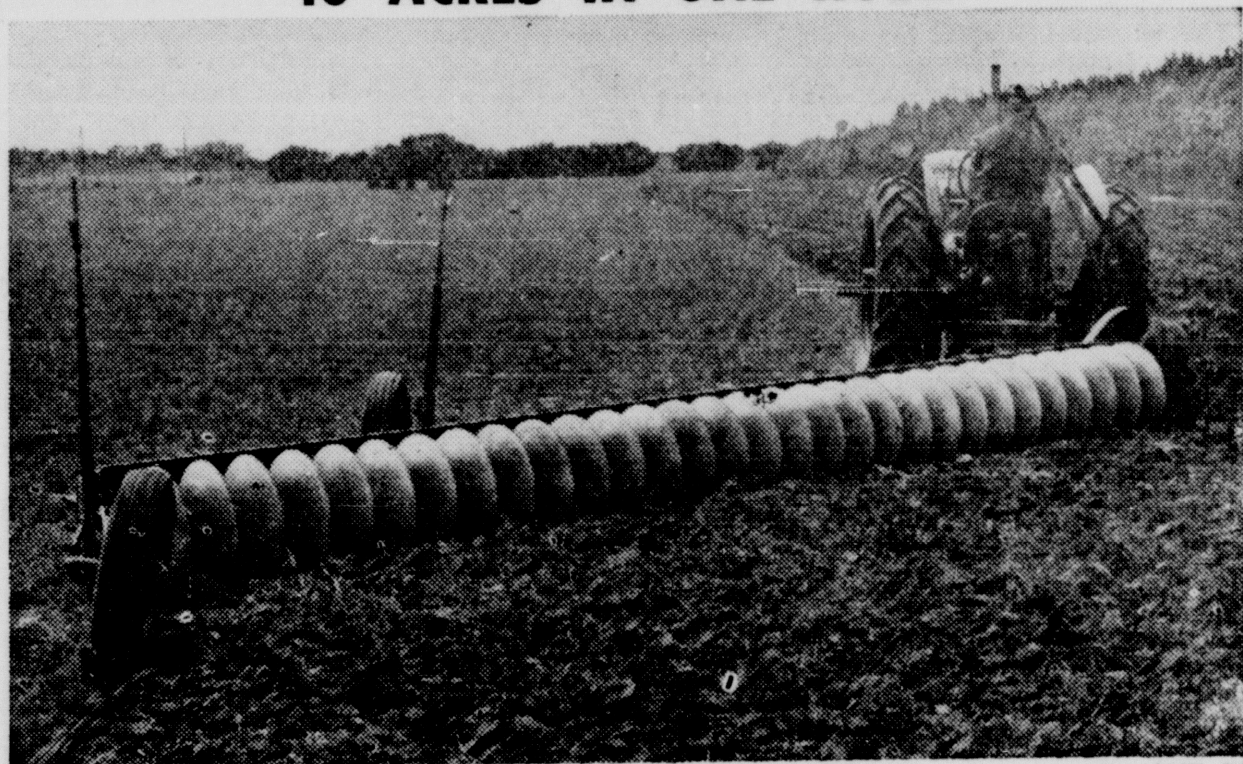

"In keeping with its policy of anticipating future needs, the West Texas Utilities Company is now engaged in an \$18,000,000 construction program to build new facilities and to enlarge and improve existing ones. This vast program, which has been under way many months, will provide more and better electric service for more and more people."

## 10 ACRES IN ONE HOUR

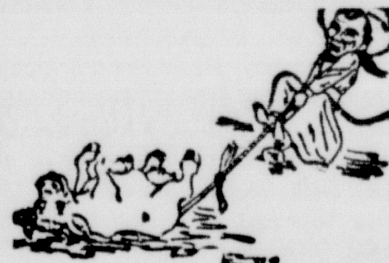

10 ACRES IN ONE HOUR—Pictured above is a 50-disc harrow as delivered to Joe Culbertson of Hamlin, by Buie's of Stamford. This harrow turns as much as 10 acres in an hour, or more than a hundred acres in a full day. Buie's advise that they also deliver this harrow in much smaller sizes. It turns on Timken bearings which makes it pull lighter, and rolls on rubber tires. (Adv.)

## Sentinels of Health

Don't Neglect Them!

Nature designed the kidneys to do a marvelous job. Their task is to keep the flowing blood stream free of an excess of toxic impurities. The act of living—its itself—is constantly producing waste matter the kidneys must remove from the blood if good health is to endure. When the kidneys fail to function as Nature intended there is retention of waste that causes body-wide distress. One suffer nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—feel tired, nervous, all worn out.

Frequent, scanty or burning passages are sometimes further evidence of kidney or bladder disturbance. The recognized and proper treatment is a diuretic medicine to help the kidneys get rid of excess poisonous body waste. Use Doan's Pills. They have had more than forty years of public approval. Are endorsed the country over. Insist on Doan's. Sold at all drug stores.

### Abilene Is Host To District VFW Annual Meeting

Many officers and members of the Hamlin post of Veterans of Foreign Wars will attend the semi-annual convention of District 8, Department of Texas, Veterans of Foreign Wars, which will open in Abilene Saturday for a two-day session.

Hundreds of VFW and auxiliary members from this area are expected to be in attendance at the two-day session, according to Garland Coody, Breckenridge, district commander. There are 19 active posts in the 15 Central-West Texas counties that make up the district, Coody said.

With 4,345 paid-up members for 1948, District No. 8 is by far the largest in the state, and the convention's host post, No. 2012, Abilene, with more than 1,600 members, is the state's largest.

Commander Coody has announced that S. A. Childress, Waco, state VFW commander, and Norman L. Summers, Austin, state adjutant, will represent the Department of Texas at the District 8 convention. Commander Childress and his adjutant will arrive in Abilene the night of September 17 and will remain throughout the two-day convention.

Commander Childress will be

the convention's principal speaker, and Adjutant Summers will conduct a school for adjutants and quartermasters.

Auxiliaries of the district also will hold their semi-annual convention at the same time with Mrs. Erma Kirby, Abilene, district

president, in charge of the women's part of the convention.

Opening day of the convention will be devoted to registration of delegates during the afternoon, this is to be followed by a dance at "Three Acres," home of the Clayton M. Leach Post 2012. Business sessions of both the VFW and auxiliary will feature the second day's program.

Counties in the 8th District are Jones, Haskell, Throckmorton, Young, Scurry, Fisher, Shackelford, Stephens, Mitchell, Nolan, Taylor, Callahan, Eastland, Brown and Comanche.

## West Texas C of C to Carry Fight on Water Rights to All of Western Texas

A fight for West Texas water rights will be carried directly into all of the 132 counties of the West Texas Chamber of Commerce territory in a series of project clinics authorized this week by members of the executive committee.

At the same time the committee set the date for the 31st annual West Texas Chamber of Commerce convention to be held in Abilene, Monday, November 8.

Project clinics have been set for the following towns:

Tahoka, Tuesday, September 28;   
Wichita, Wednesday, September 29;   
Quanah, Thursday, September 30 and Decatur, Friday October 1.   
Monahans, Tuesday, October 5;   
Del Rio, Wednesday, October 6;   
Stephenville, Thursday, October 7 the Breckenridge, Friday October 8.

These project clinics will replace the regular annual referendum meetings, which have been held in the past and will be in the towns selected by directors at last year's meetings.

"Due to the long range character of the work program adopted at last year's referendum and to the necessity of acting upon committee reports in pursuance of that program, your executive board believes that in this year's annual proceedings the energies of the organization should be devoted to acting on committee reports and to carrying out objectives already adopted by previous referendums and annual conventions," the executive board, which was presided over by President C. P. Dodson, announced.

In the program as outlined by Manager D. A. Bandeen the project

clinics also will receive presentations of industrial reports made by the committees of three major West Texas railroads, the Santa Fe, T&P and Burlington. These reports will cover surveys now being completed by the respective committees and will represent approximately \$40,000 of factual information.

Already for distribution is the grain sorghum report from the WTCC-Burlington industrial committee which was prepared by engineers of the Texas Electric Service. This report deals with factual information on the production and utilization of grain sorghums and will be a handbook for local WTCC directors in an effort at industrialization of this leading West Texas crop.

It was announced the cotton report now being prepared under the WTCC-Santa Fe committee is nearing completion and likewise will be ready for distribution at the project clinics. This is an analysis of the cotton manufacturing potentialities of West Texas. It is being prepared by Mark Wood at Texas Tech, Lubbock.

Another important project to be reported is that of the WTCC-T&P industrial committee, which has denved an economic analysis of the West Texas area served by the T&P. Dr. Sidney L. Miller is preparing this analysis and he has already made three independent reports which include livestock feedings, leather goods potentialities and water needs of the area.

## Famous Paintings at State Fair

"The ornao," John Stuart Curry's famous oil painting, will be shown in the Dallas Museum of Fine Arts' exhibit at the 1948 State Fair of Texas, October 9 to 24. Other famous paintings to be shown are Grant Woods' "American Gothic," and picture by Diego Rivera, David Siqueiros, and Rufino Tamayo.

## Carloadings Are Up For Two Railroads

Carloadings on both the Katy and the Santa Fe railroads were up for the week ending September 4, 1948 over the corresponding week for 1947.

For the 1948 period the report was: Santa Fe 26,224; Katy, 6,897, and for the corresponding period of 1947 the total was: Santa Fe, 25,931 and Katy 5,025.

## Child Safety Month Is Proclaimed by Jester

Governor Beauford Jester has proclaimed September as "Child Safety Month" to focus attention on the need for protecting children from traffic accidents as they start back to school.

A statewide program reaching into every community that has an American Legion Post is being sponsored jointly by the Legion and the Texas Safety Association.

Motorists are being urged to "Watch out for the kids—give them a brake." Parents are encouraged to help teach safe habits to youngsters. The kids themselves are reminded not to play in the street or road and always to look before crossing a thoroughfare.

Governor Jester in his proclamation pointed out that 218 children below the age of 14 were killed in Texas traffic accidents last year, while 1,826 boys and girls were injured.

## AFTER 16½ YEARS' SERVICE...

## McCauley Pastor To Give Farewell Sermon Sunday; Plans Retirement

Rev. C. E. Dick, who for the past 16½ years has served as pastor of the McCauley Baptist Church, will preach his farewell sermon to the congregation at 11:00 a. m. Sunday, September 19, he announced this week.

Rev. Dick will present his resignation to the church at the morning service, and plans to leave next week with Mrs. Dick for a small farm near Crosbytown, where they will make their home.

Retiring from the ministry after 37 years of service, Rev. Dick said he has been advised by his doctor to "take things easier" to avoid serious injury to his health.

Evening services at McCauley Sunday will be conducted by Rev. Roy Hennington, a graduate of Hardin-Simmons University, Abilene and who is postmaster at McCauley.

During the pastorate of Rev. Dick the McCauley church has made more than \$6,000 worth of improvements in the church building and property, including the construction of a garage, cellar and cistern. The church membership now totals about 225, Rev. Dick said.

"I do not plan to retire completely from the ministry," Rev. Dick said, "but will have to slow down and release myself from pastoral duties. I plan to do supply work and perhaps later to conduct a few revival meetings."

During the 37 years of his church service Rev. Dick has been pastor of churches at Post, Crosbytown, Cotton Center and Ovalo in addition to his pastorate at McCauley.

Rev. and Mrs. Dick are the parents of six children, all of whom are married and living elsewhere.

The minister is a graduate of Hardin-Simmons University, Abilene, where he received his degree in 1921.

## Traffic Accidents in County at Minumum

Only one traffic accident was reported in Jones County for the period of two weeks from August 25 to September 7, according to State Highway Patrolman Jerry Bright.

During the same period one accident was reported in Shackelford County, none in Stonewall County and six in Haskell County, Bright said. The patrolman has charge of traffic regulation in the four counties.

## HAS OPERATION.

Elaine Forbes of McCauley underwent a surgical operation in the Roby Medical Hospital Saturday, September 4.

## PAINT SALE

We have received notice from the paint manufacturers that paint will take another increase in price effective September 10. All this year we have been trying to hold our paint prices down as low as we possibly could. We have taken most of the losses in the increases we have had to pay for paints. With the increase that will be effective September 10, we will be forced to raise our prices on nearly all paint items, including outside paints, inside flat paints, enamels, Kem-Tone etc.

We have a big stock of paint on hand and are willing to give you the advantage of buying on our old prices through September 18. The prices on some items are listed below.

Present Price—Approx. New Price—Saving

Outside White Paint	..\$5.35 Gal.	.... \$5.95	.... .60
Enamel	.....\$6.25 Gal.	.... \$7.15	.... .90
Kem-Tone	.....\$3.49 Gal.	.... \$3.79	.... .30
		or probably	..\$3.89 .... .40

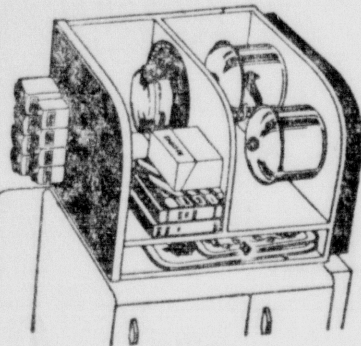

Most other paint items about the same increases. If you will need any kind of paint in the next few months you can make a nice saving by taking advantage of these old prices before September 18.

## When Your Back Hurts

And Your Strength and Energy Is Below Par

It may be caused by disorder of kidney function that permits poisonous waste to accumulate. For truly many people feel tired, weak and miserable when the kidneys fail to remove excess acids and other waste matter from the blood.

You may suffer nagging backache, rheumatic pains, headaches, dizziness, getting up nights, leg pains, swelling. Sometimes frequent and scanty urination with smarting and burning is another sign that something is wrong with the kidneys or bladder.

## THE BABE GOES HOME

Whatever means as much as an "all-hot" is getting quite a play today in that Valhalla to which baseball folks go. The angels, we like to think, have set aside their wings and are in shirt sleeves. The bars have been let down somewhat. St. Peter is not so strict on the gate; those not quite eligible are permitted knotholes. Arguments are not frowned on and a little ribbing goes. For the first time, perhaps, it is all right up there to throw a pop bottle.

Diadems are a little tilted. The sun is shining at its brightest, there is the snap of flags in the breeze, the grass was never greener. George Herman Ruth has come home.

It is curious how many potentates and great ones of the earth are in the bleachers and how many folks who were not great shakes when on earth have the box seats. It's very special. The scores have been kept with great care. Those who did it the hard way, who triumphed over handicaps, who came through against odds are being smiled on. There is an enormous section for lost sheep and prodigal sons.

The harps are put aside for brassier instruments and for tin horns and super-noise makers. Gabriel himself leads a cheer and the Bambino enters. He is dazed and needs a few minutes to get things straight, to realize that the doctors are gone, the men with the stethoscopes and the tubes and the instruments, the nurses and the charts, the agonies and the darkness.

He rubs his eyes. "It's all right," a voice of infinite tenderness tells him. "What's all this? Where am I?" asks the Bambino, young and vital. "It would take too long to explain," says the Voice, "and you might not find it easy to understand. We're not too sure whether this is just the proper thing or not but we are scrambling up values, standards and the rules a little."

"But I don't rate all this," stammers the Babe. "I was a pretty tough one in my time. The reformatory type, remember?"

"And a bad actor in plenty of spots. There was that time when..."

"Shut up and come in," says a fellow with a great shock of hair. "And remember you never got anywhere talking back to me."

"Judge Landis!" exclaims the Babe.

"Get into action," says the Judge. "It's been lovely up here, but well, a little too quiet without you."

"Look, is this a dream? Did the doc give me too many dope pills last night?" pleads the Babe.

"Take it from us. This is all the real thing," comes from a trio of familiar voices.

"Colonel Huston! ... Jake! ... Miller Huggins!" cries the Bambino.

"Welcome!" says Colonel Ruppert. "And no salary talks!" The Babe looks himself over. He sees that he is a youngster again. He observes that he is in the No. 3 uniform. He feels the old surge of power. But he still stands a little befuddled.

"Have a bat, pal!"

"Lou! ... Lou! ... Lou Gehrig!"

"Yeah, I've been expecting you, Babe."

Now the Babe hears such cheers as he never heard before, mighty cheers from the throats of old timers, departed buddies, the great host of kids who were called too soon, Brothers Matthias and Gilbert—all the great company of those who love a game battler, a big hearted guy, a fellow whose chief mistakes came from being too human.

He's at the plate once more—and on such a ball field! The Bambino has come home!

Chet Bowles, former head of OPA, has been named as the Democratic candidate for governor of Connecticut. He is all for the return of rationing and it is obvious that if he wins over the GOP candidate it will be on points.

## VANISHING AMERICANISMS

"I'm glad you complained; the waiter will bring you a new order at once."

"The boss knows what he is doing."

"The fellow who was hired as a comedian was funny."

Fur coat sales are reported off 25 to 40 per cent. Who wants to buy one these days when its such fun sitting by the phone waiting for the radio to ring you up and give you one free?

## HOUSEHOLD HINTS

When jelly or jam scorches, put into a clean kettle, add a cut-up raw potato and continue cooking. The potato will absorb the burned taste.

A paste of fuller's earth and water spread on marble and allowed to stand for a few days will remove many stains. Wash off and polish as usual.

Use leftover duck in a rice or macaroni salad with celery and sweet pickle relish; serve on lots of shredded salad greens.

If you are putting slipcovers on your furniture, clean the upholstery well first. Otherwise, they may hide and shelter moth larvae. And the moths may do a great deal of damage before you discover them.

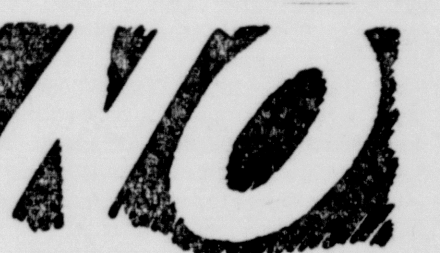

Try using a gravy boat to fill jars and tumblers when canning jelly and preserves.

Combine maple sirup and marshmallow cream, using half a cup of the sirup to one-quarter cup of the cream, for an ice cream topping.

When packing cake in waxed paper, sprinkle the paper with powdered sugar first. This helps the frosting to stick to the cake and not to the paper.

When rags are too worn for household use, wash and store in a paper bag in the garage for the men to wipe their hands on when tinkering with the car.

Keep a stiff brush near the laundry tubs. Before putting garments into the wash, turn any pockets inside out and brush thoroughly. The brush will be handy also for brushing soapuds on soiled places, such as neckbands, collars and cuffs.

## Harsh Laxatives are NOT necessary for most people

The juice of a lemon in a glass of water, when taken first thing on arising, is all that most people need to insure prompt, normal elimination.

No more harsh laxatives that irritate the digestive tract and impair nutrition! Lemon in water is good for you!

Generations of Americans have taken lemons for health—and generations of doctors have recommended them. They are rich in vitamin C, supply valuable amounts of B<sub>1</sub> and P. They alkalize, aid digestion.

Not too sharp or sour, lemon in water has a refreshing tang—clears the mouth, wakes you up. It's not a purgative—simply helps your system regulate itself. Try it 10 days.

## THE FICTION CORNER

## BACK SEAT SAX

By CATHERINE BARRETT

MY NAME is Joe, but the fellows in the orchestra call me Bunny. They're nice fellows all right and they don't do it to hurt my feelings, but I'm scared of audiences, see, and every time I get up in front of one my mouth starts to twitch and it makes my nose wiggle—like a rabbit's. I've seen myself in a mirror and I got to admit if I was one of the fellows I'd be calling me Bunny, too. You get what I mean.

Nine years I've been in Jake Little's orchestra playing the sax and the bassoon. First we went all over the country but now we've got a neat little spot in Hollywood. Jake likes me and he thinks I play the sweetest sax he ever heard, but a long time ago he quit passing me solo parts because sure as I ever got up where I faced an audience I'd get nervous and my darned mouth would start twitching and well, there I was.

I've had to sit back and watch plenty of other fellows come and go, getting the solos, getting the hands, getting the raises in pay, and getting new and bigger contracts some place else. Now it's Charley Welch.

I play better'n he does—oh, that ain't bragging—even Charley'll tell you that. Only Charley's got the personality. And he's good looking.

And Marge likes him. That's the rub. Marge is head usher here at the Zenobia. One of those cute little flashy-eyed girls in the satin uniforms. You've seen 'em. Brass buttons down the front and swallow-tails over their tight blue satin pants. You wouldn't think to look at Marge that she's like she is. Practical and hard working.

She's had a tough time, see. She's twenty-two but you'd never guess it. And she's got a kid five years old. The cutest little trick you ever saw. Vingie. Vingie likes me too. "Why do they call you Bunny?" she says to me, and she looks at my ears like she thinks maybe they'll grow up out of my hair.

"Because I'm a rabbit, see," I tell her. Only I'm looking at her mother.

Marge frowns and then she says, "That's what makes me so mad at you. Why do you let yourself be a rabbit?"

Marge is like that. What she don't want to be, she won't let herself be. Marge got married when she was sixteen to some rich folks' kid. He run out on her before Vingie was born and ever since Marge has taken care of herself. She's got a nice little apartment and she dresses Vingie up clean and cute. Oh I tell you, Marge is smart.

She's too good for me. She ought to have a fellow that could do a lot for her. She says to me, "If you were only the sort who'd ever get ahead." And she looks at me cross. "I like you, Bunny," she'll say "better than any fellow I ever knew, but I don't want to get married to a backseat sax player who'll never be anything else."

Charley Welch has been making a play for Marge. I like Charley, only he's the darnedest guy about getting to work on time. Always the last one. Skating across the stage and freezing into position the very second the curtain starts up. We've kept telling him some time he'll miss it. He laughs and says he'll commence starting earlier. But he never does.

"Charley's fun," Marge says to me. "And he'll get ahead too."

"Honey," I says to her, "you're not going to marry Charley, are you?"

"Well, I don't know," she says. "I could calm him down a little. And if he had a wife to see that he got started to work on time. . . ."

It gets me worried, see, and I begin to think that I want to get married to Marge so bad that maybe now I could handle a solo spot and not go twitchy and miff it. So I ask Jake Little to give me a try. And he does, on one of the matinees.

Do I go over big? No, I sit back there and I don't look at the audience but I know it's out front. All them eyes. I begin to sweat and my mouth goes to jumping. I signal Jake and he gets Charley to take over.

I don't even ask Marge to let me take her home, I just go on to my own place. And I think about

"Joe," she says, "you were wonderful. I knew you could do it." Vingie was there, too, dancing around and clapping hands."

Charley probably taking her home in his roadster. Charley'll laugh and say, "That poor Bunny."

Then comes the matinee when Charley don't show. His seat's empty and Jake is gettin' nervous and the fellows are saying like they always do, "Don't worry, he'll be here." But he don't come, and the buzzer sounds. . . . and Jake makes me come up and take Charley's place. He looks down at me like he's sore and he says, "You'll do the solo. Get it?"

So I'm stuck with it. And I tell myself, all right, you got to. You ain't going to be a rabbit all your life. Think of Vingie. And remember, Marge is out there.

I ain't begun to twitch because I got my lips held so tight they're moving my teeth back into my mouth.

I KNOW the part all right. I always know all the parts. And I can play 'em like a million dollars at home. I can even play 'em for Marge. It's the audience that gets me. All them eyes.

Okey, I tell myself, you do it this time, or you're through. And I mean through.

My time comes and I stand up. I start lifting my sax. I'm not twitching. . . . But my lips has frozen solid over my teeth. I try, and get out of breath and my chest collapses. But my sax is up. The cue comes.

And the sweetest music I ever heard comes floating in from the wings.

I look quick sideways. Charley's

out there. Charley's playin' his piece.

I stand there and go through the motions.

First thing I know I find myself lookin' down at that audience.

You know, it's funny, but that's the first time I ever saw the people in an audience. It ain't an octopus any more. It's fellows and girls, and women that look like the woman that runs the restaurant where I eat, or the one who sits across the way on the bus.

And what do you think I see. Why, right there in the front row is Vingie. With a grin all the way across her little pink face. And clear in the back is Marge, and she's watchin' me so hard her eyes are round and shiny.

Well, sir, my chest begins working again and I can breathe. My lips unfreeze. In a minute I'm standing there as easy as can be. Boy, is that a swell feeling!—Like sprouting wings.

I'm still feeling like a bird on the loose when the show's over and Marge comes back. She rushes right over to me, "Joe," she says—first time she's ever called me Joe. "Joe, you were wonderful. I knew you could do it." And she takes my arm and hugs it to her.

## Kathleen Norris Says:

## Worry Is a Destroyer of People

Bell Syndicate.—WNU Features.

"She's afraid that Linda's baby is being spoiled, and afraid that Linda's having another, and that Derrick never will be a money-maker."

By KATHLEEN NORRIS

A WICHITA man is leaving his wife and going to live with his mother on her farm. Their only son, 17, is going away to college. Their only daughter, who is now 20, ran away and got married three years ago. The man, Bert Snow, says he has borne all he can bear and that his wife is driving him crazy.

"Mattie," said his letter, "is about the worst worrier I know. Lots of women worry, and bother their tired husbands at night with a lot of nonsensical complaints that they ought never to mention, but Mattie beats the lot. Everything she says is worrying. In the mornings it's the weather, the paper being late, the garden being dry, the oven being slow getting hot, the coffee not being like the last pound, the teaspoon that has been missing for years, the napkins wearing out so fast.

Every word is worry. Her face has a brown, dried, wrinkled look from worry. She's afraid that Linda's baby is being spoiled, and afraid that Linda's having another, and that Derrick never will be a money-maker. She calls up my son in the middle of a school morning to remind him of his cough pills. She worries when she telephones her friends and she worries when she doesn't.

## Has Many Worries.

"All this is about nothing. And with all this, she keeps up a constant undertone of paralyzing anxiety about real troubles, so that sometimes she actually cannot get a meal or speak for terror. Anything alarming that is said on the radio, about war, or bombs, or floods, or weather, any suspicion of epidemics or statement as to the prevalence of cancer or polio, statistics on highway or bathtub accidents, these throw her into a low nervous state in which she murmurs and trembles for hours. High prices, scarcities, unexpected charges by the dentist, plumber, doctor, everything is grist to poor Mattie's mill. I'm getting as bad as she is. I'm going home to Mamma."

This pathetic, desperate letter from a 50-year-old man describes a domestic condition that is only too common nowadays. Not that most worriers are as bad as Mattie.

But we are all worriers, more or less, and worry is like mildew, or termites, or gangrene. It eats away our powers, it weakens our will, it darkens a hundred scenes that ought to be unclouded and happy.

The truth is that while worry is wasteful, unprofitable and uncomfortable for all concerned, there is no saying today that we have nothing to worry about. We have everything to worry about.

Thousands of inessential things are right with our civilization; but two or three supremely essential things have been so badly mismanaged and have been allowed to so harden into custom and usage, that do what we will we cannot balance or rationalize our problems. Life could be different, without wars, intemperance, unemployment, privation, and, above all—without fear. We know it could, at one-tenth of the cost of war. We know all nations want to be friendly; all men and women want to sleep securely and safely in their own households. We know there is plenty of everything desirable in the world: Sunshine, homes, food, friendship.

"I'm going home to Mamma."

## DON'T WORRY

While it is perfectly natural for everybody to worry at some time, incessant worry weakens the will, destroys confidence and causes much unhappiness.

Bert Snow, 50, is plagued with a wife who constantly complains and is beset with an endless stream of nonessential worries which oftentimes paralyzes her with fearful anxiety. The situation has become so intolerable that Bert has decided to leave his wife and return to his mother's farm.

Although Miss Norris admits that there are problems confronting today's civilization, she emphasizes that it is the wife's duty to steel herself against the world's troubles. When her husband returns home from a difficult day at the office, she should greet him cheerfully and erase all the troubles from his mind.

The thought that is driving us all mad is, why, in the name of God, our Father, then, haven't we all these things!

Oh, yes, Mattie and her kind have plenty to worry about, from the grease spot on the new carpet to the latest from Moscow. But American women today must stop worrying—about everything. True patriots, realizing that we are the strongest nation in this ruined world, and that all the others look to us for help, must rise to this call to arms.

## Give Your Best.

We must do our best with the inevitable shocks, we must feed our families cheap food if we cannot afford better, we must invent, originate, experiment, change. We must enjoy everything we possibly can; fine music, third-run movies, magazines, walks, books, the miracles of sunrise and moonrise, the joy of quiet hours at home.

We must steel ourselves to spare the children and the tired man who comes home from nervous, exhausting office days, the misgivings we cannot help feeling. Just to find you cheerful, confident, philosophical, will do more for your husband than any other thing—than any other dozen things—that could be done for him. The earlier generations of American women helped to build this amazing republic by an attitude of "Don't worry dear, we'll get through this."

We will get through this time of high prices, taxes, house shortages, war fears and war debts; we will emerge into peaceful times and wiser times. We will know years—centuries—when the stupidities of today will seem like a bad dream.

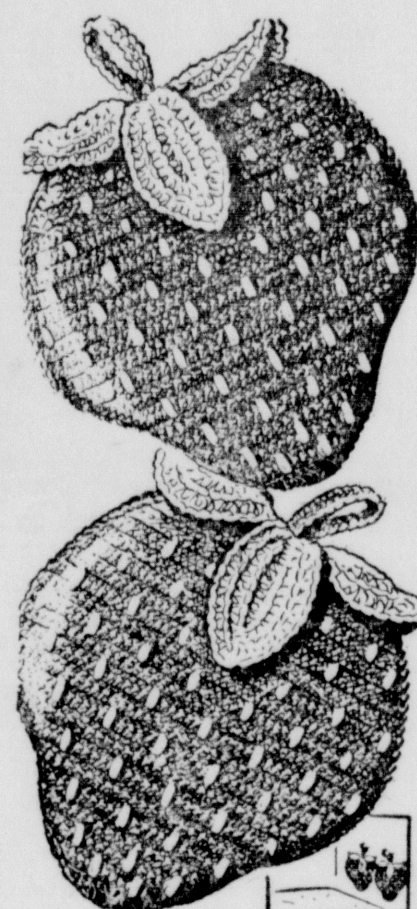

We have grown up too fast, our amusements and extravagances and escapes have temporarily upset our sober reason. But we'll find reason again, and with it a type of living the world never has known. Sweep away all your worries this minute; the unpaid bill, the red spot behind Buddy's ear, the letter from Mamma, the office humiliation that dear old patient John has to take, the newspaper headlines, the mosquito that descends humming over you as soon as you put out the bedroom light at night—all of them, all of them are only dreams which will vanish when the morning of courage and determination dawns.

## New Hospital Color

FORT WORTH, TEX.—Glaringly white hospital walls in hospital rooms may be a thing of the past. St. Joseph's hospital in Fort Worth now uses a soft shade of green for operating rooms. It is one of the first in the state to convert to the new color. The idea is to cut down on the glare.

The color scheme is carried over into the drapes, sheets, operating gowns, caps and masks. Authorities say it helps to relieve eye fatigue and strain.

## Sparrows

Grace Noll Crowell

I LOVE the sparrows, bad though they may be, And you would love them, too, if you had lain Long hours with them alone for company, And if their friendliness had eased your pain. Gray days, gray skies, gray sparrows on bare trees, Yet something in their tuneless song so true, I often think a sparrow's voice must please The Lord as much as larks' and thrushes' do.

Remember this—"Are not two sparrows sold For one small farthing, yet not one may fall Without the Father's see it." This I hold More close than any comforting at all. "And fear ye not, therefore—" O little birds, Your nearness brings the solace of these words.

## State Revenue Up 8 Months Up over Last Year

Revenue paid into the treasury of the State of Texas reached a high of \$513,611,845 for the first eight months of 1948, compared to \$377,549,123 for the same period of 1947, a report issued this week by the office of the State Comptroller revealed.

Receipts for the month of August, the report indicated, were at \$43,055,975, and predictions were that the total for the year will be near the billion dollar mark for the first time in the history of the state.

Chief source of revenue in 1948 has proven to be the gross production tax on crude oil, which yielded \$87,423,829 into the public coffers, as compared to \$56,287,541 for the first eight months of 1947.

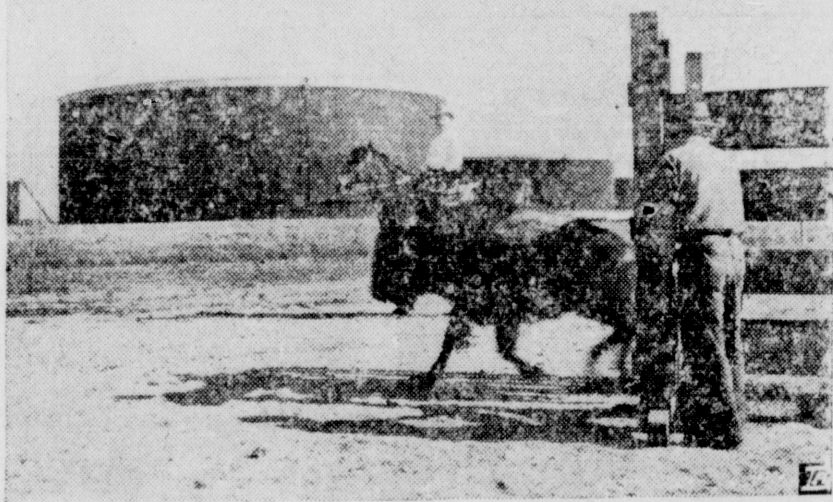

Following the gross production source closely was motor fuel tax, which was responsible for \$86,667,419 through August of 1948, and \$78,749,321 for the same period of last year.

Ad valorem taxes brought in \$27,548,916 this year and \$15,009,461 last year prior to September 1. Mineral leases, rentals and bonuses were responsible for \$26,398,966 in 1948 and \$5,126,628 for the like period of 1947.

For the first eight months cost government also took an upward swing, but not as sharply as the income. Total cost of Texas government through August of 1948 was set at \$407,114,133 as compared to \$319,586,777 for 1947 prior to September 1.

Heaviest expenditure in the expense column was \$149,938,192 for education this year as com-

## Poultry, Eggs Hold Firm as Prices Hit Skid

Eggs and poultry were about the only farm products to hold up under general declining prices at the Southwest markets last week, the Production and Marketing Administration of the United States Department of Agriculture, reports.

Fair to good demand kept eggs moving at steady to firm prices at most Southwest markets last week. Straight run farm eggs brought anywhere from 38 to 40 cents per dozen. Top quality eggs were still scarce and prices strong.

Fryers were slightly stronger. The prices ranged mostly from 38 to 40 cents per pound. Heavy hens were steady around 28 to 32 cents per pound. Roosters traded at 14 to 18 cents at most Texas markets and higher at New Orleans.

Cattle were steady to strong at most Southwest markets Tuesday, following pre-holiday losses of 50 cents to \$1 per 100 pounds since September 1. Canner and cutter cows brought \$12.50 to \$17 at Houston; \$12 to \$16 at San Antonio; \$11 to \$16 at Fort Worth; \$13 to \$16 at Oklahoma City; \$15 to \$17 at Wichita and \$15 to \$18 at Kansas City.

Trading in spot cotton lagged last week, although ginning was in full swing in many areas. Slightly stronger prices failed to and export inquiries were more demand was lacking but domestic attract many offerings. General numerous.

Conflicting forces at work in the grain market caused an unsteady undertone. Compared to September 1, Tuesday's closing prices were a nickel per bushel lower on corn, seven cents on barley, two cents on oats, a half cent on wheat and about two cents per 100 pounds on sorghums.

## 350,700 Employed in Texas Factory Work

An estimated 350,700 workers were employed in Texas manufacturing industries in July of 1948, the University of Texas Bureau of Business research reported.

Manufacturing employment fell one per cent below June levels, but rose five per cent above July, 1947.

Durable goods industries stepped up employment three per cent from a month earlier and nine per cent from a year earlier. In the non-durable goods group, employment slid four per cent from June to a level two per cent over July

### SPECIAL COURSE SET.

A special two-weeks course for officers of the reserve corps and National Guard in the Fourth Army area will begin at Fort Sam Houston October 4, it was announced this week. Eligible officers who desire to attend should make applications immediately to Gen Thomas T Handy, Fourth Army commander.

Miss Addalay Harrison of Clyde was a guest of Mrs Neva Patterson of Hamlin last week.

Non-manufacturing employment increased one per cent in July for a gain of five per cent from a year ago.

## Can Black-Draught Help That Dull, Dopey Feeling?

Yes, Black-Draught may help that dull, dopey feeling if the only reason you feel that way is because of constipation. Black-Draught, the friendly laxative, is usually prompt and thorough when taken as directed. It costs only a penny or less a dose. That's why it has been a best-seller with four generations. # Why new telephone rates are necessary in Hamlin

FOR THE FIRST TIME since 1931, the telephone company is asking for an adjustment in telephone rates in Hamlin. The request is made necessary by the rapidly rising costs of furnishing telephone service, which have thrown our operations here "in the red."

Here are some of the reasons an adjustment in telephone rates is necessary at this time:

- During the last half of 1947, we furnished telephone service in Hamlin at \$1,608 less than cost:  
We spent . . . . . \$12,469  
We collected . . . . . 10,861  
We lost . . . . . \$1,608
- Hamlin's telephone rates have not been changed since 1931.
- In this period Hamlin has grown from 407 telephones to 730.
- Several general wage increases have been granted telephone employees since 1941.
- The total monthly payroll in Hamlin is four times as high as in 1941, due to higher wage rates and a larger number of employees.
- Telephone poles cost nearly three times as much as in 1940 . . . office supplies, envelopes, office forms, and other costs of doing business, are much higher than a few years ago . . . copper costs 105 per cent more than in 1940 . . . lead is up 240 per cent.

The 1948-1949 telephone expansion and improvement program for Hamlin calls for a gross expenditure of nearly \$100,000.

The program includes: installation in the Hamlin central office of an additional section of local switchboard, an additional section of long distance switchboard, and 140 more subscribers lines, all at a cost of \$6,000 . . . extension of the network of outside lines and cables throughout Hamlin . . . and a \$91,000 rural project next year to bring modern telephone service to about 240 families and business concerns in the area sur-

rounding Hamlin. Central office equipment costing \$2,400 was added during March of this year.

Also, four additional long distance circuits will be placed in operation next year to speed Hamlin's long distance calls. The new circuits will include two to Rotan, and one each to Roby and Abilene.

### NEW SCHEDULE OF TELEPHONE RATES

Following is the proposed new schedule of telephone rates in Hamlin:

Class of Service	Proposed New Monthly Rate
Business telephone . . . . .	\$5.50
Residence straight-line . . . . .	2.75
Residence two-party line . . . . .	2.25
Rural business telephone . . . . .	3.50
Rural residence telephone . . . . .	2.00

The increase is five cents a day for business telephones, and less than a cent a day for residence service.

Rural business telephones will cost less than two cents a day more. Rural residence customers will pay the same rate as at present. In addition, rural customers living more than five miles beyond the city limits will pay a mileage charge of 25 cents for each five miles or fraction thereof, beyond the five-mile allowance.

Charges for various auxiliary telephone services will be increased in relation to higher costs of furnishing them.

The adjustments are moderate in comparison with the increases in costs of furnishing telephone service, and the higher prices Hamlin families pay for most things they buy today. It is no longer possible to meet post-war costs of furnishing telephone service with revenues from rates established 17 years ago.
